PROTEST AGAINST LEAGUE

ALEXANDRETTA, June 3.
A general strike has been declared by Arabs and Armenians throughout Syria as well as in the Sanjaks of Antioch and Alexandretta, as a protest against the League's decision regarding the future of the administration of the Sanjaks.

Telegrams of protest have been sent to the League.—Reuter.

All Quiet In City

BOMBAY, Thursday.
The public wholeheartedly co-operated with the authorities and observed the restrictions enforced by the police, and by 10 p.m., there was not a single soul or vehicle round about Bhandi Bazaar, Null Bazaar, and Two Tanks, the storm centres of the previous nights.

The police maintained a constant patrol and several officers were out in their cars passing through suspicious lanes and by-lanes and ordering all shopkeepers to close their shops.

There was not a single untoward incident reported to-day at any of the police stations nor was a single case brought to any of the hospitals after night fall for treatment.

"FILM ATLAS" OF THE U.S.S.R.

MOSCOW, (By Mail).
A vast "Film Atlas" of the U. S. S. R. is to be produced by the Soviet Film Industry in all parts of the country.

The life, industries and culture of the various republics will be illustrated in a series of films, which are intended for exhibition in schools and at lectures.

Six cinema expeditions will soon be leaving for various regions to "shoot" the pictures. An expedition to the Arctic will film the work of ships on the Northern Sea route, the work of Soviet stations in the Arctic and the life of the community spending the winter on Dickson Island.

A film expedition "on location" in Central Asia will gather material for films on the conquest of the Kara-Kum desert. Other expeditions are going to Kazakhstan, Karelia and other parts of the U. S. S. R.—Reuter.

United In Bonds Of Matrimony

A camera portrait of Mrs. Wallis Warfield Simpson, made by Cecil Beaton, noted English artist and photographer, in London on December 2, 1936, the day the "bombshell of notoriety" burst around her head. The portrait is one of six brought to New York by Mr. Beaton for an exhibition of his art at the Carroll Carstairs Gallery.

Windsor-Wallis Wedding: Duke Takes Her With A Firm 'OUI'

CHATEAU DE CANDE, JUNE 3.

The Duke of Windsor and Mrs. Wallis Warfield were married at 11/47, at the conclusion of the civil ceremony conducted by the Mayor of Monts with the words "in the name of the law, we declare you united in the bonds of matrimony".

Immediately afterwards, the newly-married couple proceeded to the adjoining music room which was arranged as a chapel, where they knelt on white satin cushions before the Reverend Anderson Jardine.

WALLIS BLUE

The civil ceremony was very simple.

The bride and bridegroom sat on armchairs, and Major Metcalfe as the Duke's witness and Mr. Herman Rogers as Mrs. Warfield's sat beside them.

The bride wore a Wallis blue silk crepe wedding dress, and a blue straw hat trimmed with small blue pink feathers.

WITH A FIRM "OUI"

The Duke replied to the Mayor's question whether he would take Mrs. Warfield, with a firm "Oui". Mrs. Warfield replied similarly. The Mayor delivered a brief address.

MAYOR'S ADDRESS

The Mayor in the course of addressing 'Your Royal Highness and Duchess' said: "by one of those caprices in which fate delights, it is under blue skies and amid the flowers of the garden of France that the most moving of idylls has blossomed".

The Mayor expressed the most sincere wishes to the Prince who was the well-beloved sovereign of a friendly nation and her whom His Royal Highness has chosen from a noble country attached to us by the same precious bonds.

BOUQUET FROM BLUM
The Duke wore a black morning coat with a very dark yellow waistcoat, a double collar, a grey check tie and a white carnation in his buttonhole.

At the conclusion of the wedding ceremonies, a bouquet from the Prime Minister, M. Blum, was presented to the bride and bridegroom.

POSE FOR PRESSMEN

After the religious ceremony, the organ played the wedding march, and the Duke and Duchess of Windsor proceeded to the saloon where they were seated by the invited guests, after which they posed for several minutes for Press photographers. The pressmen left the castle, before the wedding breakfast which followed.

'Matchless Blessing' Of Marriage

LONDON, June 3.
The Duke of Windsor's wedding has evoked warm and widespread good wishes in many quarters.

The "Evening Standard", in an editorial, says that a series of humiliations have been inflicted upon the Duke in recent weeks. The ruling by which his family and friends were prevented from attending the wedding was one.

The Churches' boycott was another. But there is no ill-will toward the Duke in the nation as a whole, and these actions, if the purpose was to alienate public sympathy from him, have defeated that purpose. We believe our people will prefer to think with charity of his marriage and remember with gratitude his immense past services to his country.

The "News Chronicle" says that there must travel across the channel from all men and women of good-will heartfelt good wishes for a long and happy married life to this man upon whom "the matchless blessing" of marriage, hitherto denied, is now to be bestowed.—Reuter.

Simplicity And Dignity

Ahmedabad Rocked By Storm

Trees Uprooted: One Killed And Many Injured

There was a heavy downpour of rain to-night accompanied by high wind and rain. It lasted about half an hour. One person was killed and a number injured, as a result of the storm.

Many trees were uprooted, and considerable damage was done. Roofing was torn off houses, and this is believed to have been responsible for the fatality, the victim being a passenger in a motor car who was hit by some flying object.

The driver of the car was also injured. Five other persons are known to have been injured, and a number of casualties also occurred in the suburbs, the victims being removed to hospital.

AFTERMATH OF DECISION BY LOT

Punjab Congressmen Resent Nominee's Action

LAHORE, June 2. The election of Moulana Zafar Ali to the Central Assembly in the by-election has caused great sensation in the Punjab Congress circles, and a feeling that the Punjab Provincial Congress Committee has been let down by its nominee for the Central Assembly by-election is being prevalent. It is stated that Mr. Abdul Aziz agreed to entrust the matter of his election to an arbitration board, without consultation with or the previous sanction of the Punjab Congress Working Committee or its President.

NON-CONGRESS ARBITRATION

It is further learnt that the arbitration board, which the Congress nominee, Mian Abdul Aziz accepted, consisted of Begum Shah Nawaz, M. L. A., Mian Abdul Aziz, Bar-at-Law, and Malik Barkat Ali, M. L. A., and none of them had anything to do with the Congress or possessed an authority of the Congress to act as arbitrators. Moulana Zafar Ali, the other candidate, had readily agreed to the arbitration of these persons. The arbitrators, it is stated, met at Begum Shah Nawaz's residence and discussed the matter in the presence of both the candidates. It has been given out that the arbitrators decided to draw lots. Luck favoured Moulana Zafar Ali. The fact was communicated to the President of the Punjab Congress Committee, only after the whole affair had been settled.

It is said that both the candidates had handed their letters of withdrawal from the contest to the arbitrators.—United Press

Management Turns Down Workers' Terms To End Strike

GHATKOPAR WOMEN WORKERS COME TO FORE IN CAMPAIGN

The management of the Hatteries at Ghatkopar, where a strike has been in progress for more than a month now, have put up a notice on Thursday, to the effect that the wage-cut of the piece-workers would be restored by 5 per cent. The Strike Committee discussed the situation in view of this notice, and decided that the workers might resume work, if the restoration of wage-cut to the extent of 5 per cent. would be uniformly applied to all the workers. It is stated, about 12 jobbers undertook to carry on the negotiations with the management in this direction, and the workers marched to the Mill in a procession. But the management turned down the proposal, and the workers marched back in a procession and at a meeting held soon after, denounced the activities of the jobbers as harmful to the cause of the strike. The order banning processions, having expired, the workers are marching regularly in procession in a peaceful manner. Since Thursday morning peaceful picketing has been resorted to at the gates of the Mill, women workers playing a prominent part.

THE W. I. A. A. POINT OF VIEW

Roads, Traffic, And Accidents

The Publicity Officer writes:—When the Bandra Police withdrew the threatened 20-mile-an-hour speed limit some people thought that the W.I.A.A.'s interest in the matter ended there. In fact, the Association immediately redoubled its efforts to reduce the toll of accident and death in the suburbs and an intensive campaign started on the evening of June 1st.

A large saloon car equipped with a Marconi loudspeaker has been put at the disposal of the police, who are manning it with a senior officer. The car will parade slowly in the suburbs, especially along the Bombay-Ghodunder Road, from Mahin Causeway to Borivli, a distance of about 2½ miles; it will also parade the 1½ miles odd on the Bombay-Agra Road from the South end of Kuria Municipal limits to the Thana Districts limits. In addition, from time to time, it will be found on other suburban roads. The voice behind the loudspeaker will tackle within its powers all forms of traffic, both pedestrian and vehicular, and will note owners of others responsible for obstruction, and request them to remove such—especially obstructions on footpaths and at the sides of the road.

Road patrols and numerous sepoys, both on foot and on bicycles, will carry out similar duties to those of the loudspeaker car, and other measures include the erection of warning streamers across the road, and a "score-board" giving accident figures from day to day. The Association believes that this campaign by the police, assisted by the Safety First Association of India and by the W.I.A.A. will eventually bring it about that the figures on the Board remain stationary. Had the Board been reacted at the beginning of this year it would have shown figures for accidents increasing daily by more than one, for during the first four months of this year, there were no less than 147 accidents on the roads of Bandra and District.

A dangerous and particularly prevalent habit which officers of the Association have recently noticed is that of rushing past one or more other cars and then turning right. Any driver who intends shortly to turn right should refrain from overtaking cars in front. The difference in time made by such overtaking is negligible, and it may cause confusion. All motorists are requested to instruct their drivers to avoid this very bad and unnecessary habit.

Sports & Prize Distribution At Dombivli

(From A Correspondent)

DOMBIVLI, (By Mail.)

Under the auspices of the Dombivli Sports and Recreation Club a sports meeting and prize distribution ceremony was held on Sunday last, at Dombivli, District Thana, when about 100 boys and girls took part in the various items. Khan Bahadur Shaikh Mohiuddin Shaikh Vazir, District Deputy Collector, Kalyan Prant, District Thana, presided and gave away the prizes. Congratulating the club upon the success of the function, the president in his address stressed the need of giving the boys a training in lathi displays, boxing, wrestling, etc., side by side with other sports. The Khan Bahadur declared that he would become the first patron of the above club.

It is announced that the Central Government have appointment Mr. Muhammad Kasham Ismail as officer under training for the post of the Indian Government's Trade Commissioner at Bombay. Mr. Ismail will join the office of the Director-General of Commercial Intelligence and Statistics at Calcutta on or about June 15.

MERCHANT PRINCE OF N. INDIA

Cawnpore's Civic Condolence For Late Kamlapat Singhania

CANWPORE, June 2. At an emergent meeting of the Cawnpore Municipal Board this morning the following condolence resolution was moved by the Chairman, Mr. B. P. Srivastava. "This Board records its deep sense of sorrow at the untimely death of Lala Kamlapat Singhania, the biggest Indian industrialist and business magnate of Northern India." The resolution was adopted unanimously and members remained standing while the Chairman paid a tribute to the late Lala Kamlapat saying that in the demise of Lala Kamlapat the city lost one of the foremost citizens whose place it would be difficult to fill. He was the merchant prince of Northern India. The Board also decided to name the road in front of the Jugglal Kamlapat Mill after the deceased.

A Committee of nine members was formed to consider what steps should be taken to commemorate his memory.—A.P.

SET-BACK IN HIS HEALTH

Subhas Bose's Letter To Friend

CALCUTTA, June 1. In the course of a letter written from Dalhousie to a friend in Calcutta, Subhas Bose conveys the following disquieting news about the present condition of his health:—

"I have been indisposed for a week or so, with a recurrence of my old throat trouble and am suffering from extreme dislike for work of any kind. I am afraid I shall have to stay here more than two months,—much more, in fact,—if I want to recover, before saddling myself with responsibility. During the first week of my stay here, I was feeling fresh. The second week has brought in a setback and has somewhat damped my confidence regarding recovery. I am hoping that this is only a passing phase."—United Press.

Bombay Still Sweltering

"But Monsoon" Bound To Come On June 12?

BOMBAY: Thursday. When is the great south-western monsoon coming?

This is the question constantly, and now, daily asked by the citizens of Bombay.

Enquiries made with the weather expert at Colaba, to-day, indicate no hopeful signs of an early monsoon. As far as Bombay is concerned, the winds now blowing from the north-west are north-westerly and therefore have nothing to do with the real monsoon.

Dr. Ramanathan told a "Chronicle" Representative that there is no appreciable advance of the south-western winds blowing towards Malabar.

But old superstitious people after a close, kaleidoscopic study of the stars in the sky, assert that the monsoon is bound to come on June 12.

An old woman who has seen more than sixty monsoons told a "Chronicle" Representative that "Oron"—a bright star in the sky and commonly known as the "Hunter's Star"—is making a fast approach to the "House of the Moon." This has been an undoubted indication—the maintain—of the advance of the monsoon, every year.

Exodus to Hills. Exodus, in large numbers, to Mahabaleshwar and other hilly places continues. Employees of the various offices in the city are on a holiday fling.

Some of the residents of Bombay who have just returned from Mahabaleshwar complain that the weather here is more "sticky" than ever.

The only beneficiaries of this oppressive weather are the Railways and the vendors of cold-drinks, in street corners and public restaurants. They are reaping a rich harvest.

Enquiries from the weather ex-

pert indicate that the monsoon in the Arabian Sea is still weak. The north-westerly winds may blow but they are of little use, as far as the west coast is concerned.

Usually in the middle of April the Andaman Sea becomes stormy and, at the end of that month, monsoon accompanied with storms and floods bursts out in Bengal and Burma. About the third week of May, the second part of the monsoon is seen at Ceylon.

Then, sometimes, a conflict of wind movements begins. The north-westerly winds may blow but they fail to bring the real monsoon and as the south-western winds, wafting in the direction of the Arabian Sea towards Malabar, come in contact with the local atmospheric conditions, Bombay will be in the first flush of monsoon.

But it is now very unlikely, according to weather prophets, that it will break out before June 13 or June 14.

Not Different This Year. The advent of monsoon in Bombay for the last six years does not hold out any hopes of any possibility of its coming earlier this year. On the following dates during the following years, the monsoon made its first appearance:

1930	June 9.
1931	June 13.
1932	June 16.
1933	June 20.
1934	June 13.
1935	June 17.
1936	June 14.

The following is the weather report for the last 24 hours till 8 a.m., to-day, recorded at the Colaba Observatory:

Maximum temperature: 92.1 degrees, that is one degree above normal.
Minimum temperature: 82.4, that is three degrees above normal.
Humidity in the air: 74 per cent, that is one per cent below normal.

ADVENTURERS' "SCOOP" IN CITY

Investors Swindled To Tune Of About Five Lakhs Of Rupees

A sensation of the first magnitude has been caused in local financial circles by the currency of an astounding story of three men—A Johannesburg Adventurer, A local bandman and A local ex-bandman of a Madras firm.

who like Brown, Jones and Robinson in the skit which appeared in "Punch", successfully posed as guides, philosophers and friends of the investors and swindled them to the extent of about Rs. 5 Lacs, using the Stock Exchange as their medium in Bombay.

The exploits of these three men who masqueraded as the city's financial advisers have staggered even veteran and renowned operators on the Local Stock Exchange, and with the publication of this story a storm of protest may again be raised against the laxity of the controlling body of the Exchange and their non-compliance of the rules.

PRINCIPAL CHARACTERS

The principal characters in this colossal fraud so easily perpetrated on a gullible public under the very nose of the authorities are:—
Jack Ryder—of Johannesburg now reported to be sun-bathing in Carolina.
Max Davidson—Ex-Bandman of "Cris Beard's Orchestra, now on board S.S. 'Conte Biancamano' and G. Mitchell—Ex-employee of a Madras firm now a fellow passenger in the S.S. 'Conte Biancamano' which set sail from Bombay on Thursday May 27.

These three persons were the promoters and founders of the "Investors Advisory Bureau" Investment consultants: stock, share and Finance Brokers—(holding no card to enter the rings of any of the Stock and Share Exchanges in the city).

LAVISHLY FURNISHED OFFICES

They operated in lavishly furnished offices, fitted with all the paraphernalia of a big business and staffed by a bevy of lady typists and a number of assistants in the Bombay Mutual Building, Hornby Road, giving the outward appearance of "Gentlemen in affluent circumstances."

Anxious investors who called at the offices after May 28 were politely informed that the second and third of these financial experts were away from the city on an important financial mission in Trivandrum.

"When will they be back?" "In a week's time, on Thursday June 3!"

But alas! Trivandrum is a long way from the route caused by the S.S. 'Conte Biancamano'.

RUSHED OUT OF CITY

A representative of the "Chroni-

cle" who was specially deputed to make inquiries made the startling discovery that a few minutes before the S.S. 'Conte Biancamano' weighed in her anchor, three passengers whose names were not on the official list of passengers rushed up the gangway, all packed up and ready to bid farewell to India.

Their passports were found to be in order and their names were inserted in the police list in pencil, so great was the urgency and hurry. The names were: "Davidson, M." "Mitchell, G." and the third that of a lady, with tickets booked straight through to Europe.

STORY OF RAMP

The story of this ramp on the Stock Exchange is soon told. It is just about an year and a half ago that Mr. Jack Ryder, arrived in this city as a prosperous Theatrical Agent looking for new blood and "fresh blooms" for his theatrical engagements.

IN HIGH SOCIETY ABROAD

While the machinery of the authorities was at work, Mr. Ryder popularly known as "Jack" got himself catapulted into the higher social circles of Bombay and there as an expert "Poker" Player soon relieved some of his hosts of a good portion of their wealth.

A chance meeting with Mr. Max Davidson, who had a fair knowledge of the Share and Stock Exchange—having worked temporarily with some Stock Brokers—gave Mr. Ryder theatrical Agent the long cherished hope of trying his fortunes on the Stock Exchange.

Just about this time there landed in Bombay Mr. G. Mitchell, a scot from Madras, who beautifully fitted into their scheme.

Here was an opportunity not to be missed. A few meetings in a fashionable restaurant over a few pegs of Whisky and the foundation was well and firmly laid to start in business as Investment Consultants, Stock, Share and Finance Brokers under the appropriate style of:—

INVESTORS ADVISORY BUREAU

Spacious apartments were hired in an imposing building and the addition of a large staff of lady typists and male assistants completed the paraphernalia that was needed to draw in the gullible investors.

BIG CONNECTIONS ESTABLISHED

The Bureau very soon established connections with the certain firms of outstanding fame operating in the Stock Exchange some of them members of the Board of Directors and as it would appear purchased and sold "script" on behalf of

WINDSOR WEDDING FILMS

Will Bombay Be Deprived Of Pleasure Of Seeing Them?

Sad disappointment awaits film fans and others in the City in the news that while every week they are treated to hosts of "news-reels" they will be deprived of the pleasure of seeing on the screen the wedding of the modern "Helen of Troy" with one who, until recently, was "Prince Charming".

Several rumours have been afloat of official pressure being brought to bear on the managers of theatres and distributors of films not to screen films of the Windsor wedding in the City.

One such was to the effect that the Police Commissioner conferred last week with certain film managers and advised them not to have anything to do with the wedding film.

"Chronicle" enquiries, however, show that there is not much truth in this story.

It is now understood that the London managers of the British theatres in the City had informed their agents here not to screen the film in any circumstances, even in the event of their receiving the film in Bombay.

AMRITSAR DAY MEETING CANCELLED

The meeting which was announced to be held to-day (Thursday) under the auspices of the All-India Students' Federation to celebrate the Amritsar day has been cancelled due to riot situation in the City and the promulgation of Section 144 of the Criminal Procedure Code.

On behalf of the students of Bombay the Federation has sent the following message to Khalsa College Colleagues:—
"We sympathise with them in their brave struggle and we strongly deprecate the attitude of the College authorities in resorting to the assistance of the bureaucracy in calling magistrates and the Police instead of negotiating with the leaders of the student movement there and arriving at an amicable settlement. We extend to the students of Amritsar our warmest support."

LATE RAO BAHADUR RAJWADKER

(From A Correspondent.)
A largely attended public meeting was held at Lower Colaba, on Sunday last, under the presidency of Meherban Bhaskarrao Jadhav, for the purpose of sending a message of thanks to the Municipal Commissioner and the members of the Bombay Municipal Corporation for their being good enough to give a new name to the Street in the locality which had hitherto been known as the Gun Carriage Street, namely, "The Rajwadek Street." To perpetuate the memory of the late Rao Bahadur Harishchandra Vishram Rajwadek, J.P., in recognition of his long and varied services to them, by way of opening the Co-operative Credit Society and similar institutions of public utility.

themselves, on account of their constituents from whom they had collected deposits and margins.

So successful were the results, that very soon a leaflet made its appearance in local commercial circles giving the Bureau's tips to the investors.

These were circulated far and wide—in Madras and in Calcutta as well as Western India. Inquiries poured into the luxuriously furnished and well-staffed office and the added fame of the important connections or mediums through which they were operating the local Stock Exchange, appears to have removed all misgivings in the minds of the prospective victims.

These invested readily on such "expert advice" and guidance, their savings and anxiously looked forward to the day of settlement.

INVESTORS DISILLUSIONED

To-day, these investors are disillusioned. Their guides, friends and philosophers have decamped in an Italian Boat.

Mr. Jack Ryder went first about a month ago and he is now reported, as far as inquiries go, to be "sun-bathing" in Carolina or a sort of pre-established harmony with the Stock-Exchange operating in this city in grueling summer heat—and is recuperating his lost vitality after so arduous an adventure.

The ultimate destination of Mr. Max Davidson and Mr. G. Mitchell is difficult to guess but easy to forecast under such peculiar circumstances.

Meanwhile the investors who have been it is alleged, duped may find some solace if they seek the assistance of the Criminal Investigation Department promptly to regain, if possible, their unpaid profits and undelivered scrip.

WHY LET A Narrowed Tube ROB YOU OF Youth!

(AND EVENTUALLY LIFE ITSELF!)

Study these pictures and learn the real cause of HIGH BLOOD PRESSURE

Supposing you had a small hand-pump with a piece of rubber tubing attached. The flow of water would be normal while the tubing was normal. But supposing you pressed the tubing a little. What would happen? Naturally a greater effort would be required to pump the water through the narrowed tube. And you would become fatigued sooner. Now an artery is rather like a bit of rubber tubing. Its job is to convey new blood to all the vital body cells. The heart is the human pump. It has to force this life-giving blood through the arteries. If the tubing (or arteries) is narrowed in some way, the heart must work harder to force the blood through. This leads to heart weakness and ends in heart-failure.

How do Arteries become Narrowed?

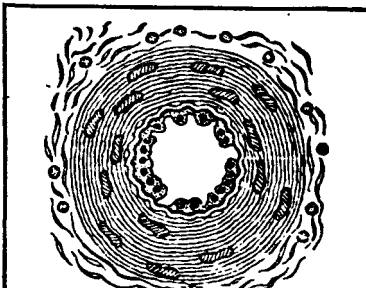

About the age of 40, though often before, lime salts deposits in the arteries render them narrow and brittle—just like perished rubber tubing. The proper flow of blood is restricted. The body cells are deprived of full nourishment. The over-worked heart is weakened. Vigour and interest in daily affairs are lost and Premature Old Age overtakes the sufferer. This disorder is High Blood Pressure. It has nothing to do with "too much blood" or "blood that is too rich."

The Wonderful Power of 'Phyllosan' Tablets.

What are 'Phyllosan' Tablets? The chief constituent of 'Phyllosan' Tablets is a vegetable extract described by eminent scientists as being "The Most Wonderful Substance in our World." It supplies a vitalizing, rejuvenating substance upon which every living thing on this earth depends. Dr. Buerli, M.D., of Berne University, Switzerland, under whose personal supervision 'Phyllosan' Tablets are made, spent 15 years critical research before he succeeded in isolating this wonderful substance without detriment to its vitalizing power. This substance takes the carbon, nitrogen, salts and water absorbed by the plants and under the influence of sunlight, TRANSFORMS THEM INTO LIVING MATERIAL STORED WITH VITAL ENERGY.

'Phyllosan' Tablets increase all your Physical and Vital Forces, irrespective of Age.

When 'Phyllosan' Tablets are taken they immediately begin the good work of re-juvenating and re-invigorating every body cell; clear away the lime salts deposits that are choking the arteries and fortify the heart. Each day during the treatment sees new vigour and a new outlook on life.

NORMAL ARTERY (Highly Magnified)
This illustration of an artery cut through shows you its three strong elastic coats and normal aperture which allows unrestricted passage of blood.

NARROWED ARTERY (Highly Magnified)
Here the artery is being strangled by lime salts deposits. The aperture is narrowed and the three coats have lost their elasticity and power to expand and contract.

Not only does the body benefit, the brain too, becomes clearer and more active. Do 'Phyllosan' Tablets act Quickly?

'Abundant evidence is available to prove that 'Phyllosan' Tablets are amazingly quick in effect as well as amazingly efficacious. It has been proved conclusively that 'Phyllosan' Tablets renew the blood stream WITHIN 14 DAYS. A typical case published in the Swiss Medical Weekly concerned a man 51 years of age suffering with severe blood-pressure. After ONE MONTH of 'Phyllosan' Tablets, blood pressure dropped to nearly normal, while heart symptoms, difficult breathing, and giddiness vanished entirely.

Some Wonderful Tributes.

Benefit in 3 Days.

Pain vanishes after HALF a Bottle.
"Before I had used half a bottle all pain and dizziness had left me."—W.L. Thought she was going to die.

"I was so ill with syncope of the heart I never thought to live. Now after only 6 days taking the tablets I feel well, young and strong."—E.B.

Important.

'Phyllosan' Tablets are perfectly harmless and can be taken by the youngest and most delicate persons with complete confidence. 'Phyllosan' Tablets contain neither drugs nor glands nor animal extracts, and in their preparation are untouched by hand throughout.

Mysore Durbar's Claim Against Corporation

Standing Committee Sanctions Additional Budget Grant

A letter from the Municipal Commissioner requesting the Municipal Standing Committee to waive their claim of interest for four days from the Collector of Bombay, as he went by default to pay the compensation for the resumption of a plot of land admeasuring 11,816 sq. yards, for Radium Institute at Parel Estate, was approved at a meeting of the Standing Committee on Wednesday.

The Corporation by its resolution on September 1935 sanctioned the resumption of the plot for being sold to the Trustees of Sir Dorab Tata for a Radium Institute and the acceptance of compensation at Rs. 12 per sq. yard.

The Collector of Bombay gave his award on January 25, 1937, and fixed February 1 for taking over possession of the land from the Municipality and for payment of the compensation amounting to Rs. 1,41,792.

RECEIVED LATE

Possession was handed over to the Collector on the day fixed, but the amount of compensation could not be paid by him on that day. Commissioner states in his letter, after setting out the above mentioned facts, as it had not

been received from the Accountant General till February 5, 1937 and so interest thereon was claimed from the Collector.

The Commissioner, however, now requests that the claim should be waived, since the Trustees of Sir Dorab Tata Trust had not actually taken charge of the land upto the day of payment, February 5.

Another letter from the Municipal Commissioner requesting the sanction for an additional Budget grant of Rs. 3,148 from Surplus Cash Balance to meet the claims preferred by the Mysore Durbar for damage to their car, and by the B.E.S.T. Co. Ltd., for damage to one of their aerial mains poles situated at Walkeshwar Road, caused by a Municipal motor lorry was also considered at the meeting.

Mr. I. H. Taunton, the Municipal Commissioner, pointed out that the committee had already sanctioned the amount and it was only to be debited from one account to another. He further stated that lorry driver had been convicted as result of the damage last year. The committee sanctioned the amount.

AROUND THE COURTS

BOMBAY: Thursday. The Court-room of the Chief Presidency Magistrate was packed this morning when judgment was delivered in the sensational case of the kidnapping of a minor Anglo-Indian girl.

"I think that confinement of the accused in jail might ruin all chances of the possibility of accused waking some amends by marrying the girl should the parents choose to alter their decision," said Sir Hormusji Dastur when he sentenced Victor Raymond alias Abdul Gafur (26) a Christian convert, to pay a fine of Rs. 550 or in default to undergo six months' rigorous imprisonment for having kidnapped a minor Anglo-Indian girl from the custody of her mother.

"It is only the condition of the girl and the child that may be born to her," the Magistrate observed, "that prevents me from inflicting the sentence of imprisonment on the accused."

"All the same the accused in my opinion acted in a manner which cannot be condemned too severely. He knew that the mother did not like his meeting the daughter and yet he not only meets her but takes a very mean advantage of her youth and innocence."

Mr. C. B. Velker appeared for the prosecution. Mr. J. Kanga with Mr. Joachim Alva defended the accused.

Lalprasad Janki and Jankisingh Harnandasingh, whose exploits at the Santa-Cruz Railway Station on a certain afternoon last year, which ended in their assaulting the Ticket-Collector and their subsequent arrests, were published exclusively in the "Chronicle," have now been both found guilty by the First Class Magistrate of Bandra and sentenced.

TICKET COLLECTOR ASSAULTED The disturbance caused some months ago at Santa Cruz Station when an altercation between a ticket collector and some bhayats led to a regular free fight, was recalled in the court of Mr. V. N. Pradhan, First Class Magistrate of Bandra, when two bhayats, Lalprasad Janki and Jankisingh Harnandasingh, were placed on a charge of causing grievous hurt. It will be recalled that the ticket collector, Bomanshaw C. Parthiwala, wanted to inspect the ticket or the pass of the first accused and the bhayats were alleged to have

assaulted the ticket collector. There was a fracture of an finger of the ticket collector, who was also hurt on the head, the second accused being alleged to have attacked him with the milk pot he had in his hand.

There were two charges against the accused. It appears that Bomanshaw had to be treated in the hospital for a month.

Both Accused Convicted. The magistrate convicted both the accused. He sentenced Lalprasad Janki to one month's rigorous imprisonment and a fine of Rs. 20, in default one month's rigorous imprisonment on the first charge, and a fine of Rs. 20, in default 15 days' jail on the second charge. Harnandasingh was fined Rs. 30, in default one month's rigorous imprisonment on the first charge and a fine of Rs. 20, in default 15 days' imprisonment on the second charge. The bhayats had brought the countercharge against the ticket collector alleging that the latter had attacked them with the ticket punch and pointing out that they had several injuries.

The magistrate, after reviewing the evidence, was of the opinion that the injuries to the accused must have been caused when they tried to run away after having assaulted the ticket collector. The two men were pursued and caught a little distance from the station. He therefore acquitted the ticket collector.

Communal tension in the city was advanced as a ground for remand into police custody for 12 days, by the Bhoiwada police in placing Ram Kharrak, Shio Rattan and Abdul Majid Aliya Rajak on charges of theft before Mr. M. A. F. Coelho, Presidency Magistrate, Bhoiwada, to-day.

It appears the accused came to Bombay recently in search of a job and were given food and shelter by Ebrahim Abdul Rajak, a cotton-waste merchant with a "Peddi" at Supari Bazaar Road. They were subsequently alleged to have committed theft of Government currency notes of the value of Rs. 700.

They were arrested last night and application for remand into custody was granted by the Magistrate to-day.

An inquest was held to-day on the body of a girl named Bellal Tukaram, (6), residing at DeLisle Road. It was stated that, on Sunday at about 4-15 p.m. the girl's father was seated on the footpath of Chor Wadi selling vegetables. The girl went playfully to the footpath on the other side of the street. She ran across the street to come back to her father when she was knocked down by a motor lorry, which appeared to be going to Byculla side. The driver stopped at some distance. The lorry driver had not blown his horn.

The girl was removed to J. J. Hospital where she died this morning. The inquest was adjourned for police inquiry to the 10th June.

Death was caused by kerosene oil poisoning which the deceased child of two, had inadvertently swallowed, was the verdict returned by the Bombay Coroner's jury to-day, at an inquest held on Cando's Saldanha (2), residing with her parents at Chira Bazaar.

ANDHERI-PARLE BATTLE Question Of Primary Schools Grant

(From Our Correspondent)

ANDHERI: Wednesday.

The claim of the District Local Board for a sum of Rs. 34,000 due from the Vile Parle Municipality as its contribution in respect of certain primary schools at Andheri for the year 1935-36, 1936-37 and 1937-38 and a letter from the District Local Board threatening legal action if the claim was not immediately settled, was considered by the Vile Parle Municipal Board at its meeting held to-day, and as a section of the House was of the opinion that the Municipality was not legally bound to pay this sum in view of those schools not having been recognised by the Government, the subject was referred to the Legal Adviser for his opinion.

The Municipality accorded its support to the Bombay Cabinet's scheme of compulsory primary education by passing a resolution declaring therein that it was prepared to pay half the Government's contribution towards primary education in the Municipal area provided the District Local Board was allowed to act as the local authority for the purpose.

NALA NUISANCE AT ANDHERI

(From A Correspondent)

A meeting of the residents of Bhardawadi and Rambag at Andheri was held last Friday to protest against the continued nuisance of treating the natural water course (Nala) an ordinary drain, and resolutions were passed protesting against the indifferent attitude of the Vile Parle Municipality in this respect.

It was further resolved to send copies of the resolutions to the Collector and the Commissioner as well.

Deceptive Device To Increase Revenue!

(Continued from page 12)

In land revenue amounting in all to 24 lakhs, out of a total of about 400 lakhs. What a splendid remission! It does not even amount to one anna in a rupee! And who is going to benefit from these remissions? What is going to happen to the ten lakhs of peasants, whose holdings are below five acres? Will they receive any special remission? Will the poor cultivators, whose annual income does not exceed Rs. 100 and who have still to pay a good sum for land revenue get any exemption from taxation? Not at all. So all that is vaunted land revenue reform amounts to a uniform of about 5 per cent. How great! And to make up for these remissions, we have to find out other sources of taxation.

NET RESULT OF IT. Similarly about the additional 41 lakhs to be spent on primary education under a system which the Report of the Department itself shows, are going to be wasted. The prime need is to reorganise the whole system of education. The extravagance of the present administration, the want of co-ordination between the products of the system and the needs of the community and the absence of all relation between present day primary education and development of rural life are matters which demand immediate attention. To tackle the problem of education without reorganising the whole system is misdirected endeavour. The net result of the proposed expenditure can only be to increase jobbery and corruption with out in any way contributing to the real advancement of education among the people.

BUREAUCRACY IN FIX. However, I will not waste your time here by going into further details about the entirely deceptive nature of this paper programme, which the Interim Ministers know they will have neither the opportunity nor the means of implementing. The present political situation is such that the bureaucracy find themselves in a fix, on the horns of a dilemma. They dare not dissolve the Legislatures because they know very well that the Congress which has a strong hold over the mass-mind will be returned in much larger numbers. They do not like the prospect of admitting defeat and proclaiming to the world that the constitutional machinery was crumbled down at the first touch of Congress; and they know that their unconstitutional device of forming Interim Ministries is not going to help them after the Legislatures meet.

LET US DO THE TASK. In the meantime, we need not trouble our heads over the difficulties which Government have created for themselves; but knowing as we do, that our political salvation lies in our own hands, let us apply ourselves zealously to the task of re-organising ourselves and preparing ourselves for further struggles which are inevitable. We must have at least one Congress-worker in the smallest village and a network of Ashrams or centres of activity in each important town. We must utilise the large numbers of educated unemployed for the work of serving the villagers and taking our political ideas to the door of the people. All this will require a great deal of money and men and energy.

IMMEDIATE PROGRAMME. The constructive programme of the Congress including the use of Khaddar to the exclusion of Mill cloth, the local production of Khaddar in villages and hand-spinning and hand-weaving, the promotion of communal unity by collective and individual effort and the eradication of the evil of untouchability in every town have been enjoined upon you as your immediate task by the Working Committee at Allahabad. Parliamentary activity, we are reminded, is but a minor part of the national programme and Swaraj can only be achieved by sustained effort by every Congressmen and Congress woman in carrying out the programmes outside the Legislature as laid down from time to time. Our workers must also take up the work of improving village sanitation by personal service, of spreading literacy and adult education, of promoting knowledge of cottage industries according to local conditions.

PUNJAB GOVT'S NEW IRRIGATION SCHEME 700,000 Acres To Get Benefit Of Haveli Project

(From Our Correspondent)

SIMLA, June 2.

Preliminary work has started on what is known as the Haveli Project estimated to cost over five crores and designed to provide perennial irrigation to the gross area about 700,000 acres and in addition, non-perennial irrigation to about 800,000 acres of land in Punjab. About five and half lakhs is expected to be spent on the project by the end of the present year. The whole project and the proposed expenditure on it this year will be placed before the forthcoming session of the Punjab Legislative Assembly and the Government is confident that obvious advantages of scheme will secure for it full approval of Legislature.

CARTMAN KILLED

Accident On B. B. Railway

BOMBAY, June 3. The District Traffic Superintendent, Bulsar, B. B. Railway, wires as follows:—

At about 15 hours on June 2 a bullock cart was knocked down at mile 72¼ between Khanbhara and Chinchpada by the engine of 24 up passenger train.

The cartman was killed and another person riding on the cart was seriously injured.—A.P.

"CONGRESS DEMAND SATISFIED"

U. P. Premier Ready To Make Room For Them

PATNA, June 3.

That there is no difference between a Governor demanding the resignation of his ministers and dismissing them was the opinion of the Nawab of Chhatari, the U.P. Premier, expressed to the Associated Press in an interview here regarding Mr. Gandhi's latest statement.

The Nawab was 'en route' to Aligarh from Ranchi. "Lord Zetland's statement", he said, "satisfied the Congress demand, and they should now accept office. We are ready to make room for them."

The U. P. Assembly, added the Nawab, would meet at the end of July or early in August.—A.P.

OPPORTUNITY TO END IMPASSE

MADRAS, June 3.

With reference to the recent statements of Lord Zetland and Gandhiji, Sir Mahomed Uman, former acting Governor of Madras, interviewed by the Associated Press said "I am glad that we have reached a stage when both Lord Zetland and Gandhiji are anxious that the Congress should accept office. I am particularly delighted that Gandhiji wants to prevent bitterness and hatred between Great Britain and India. There is now a capital opportunity to end the impasse."

SANITARY OFFICER'S DEATH MYSTERY

MORADABAD, June 3.

The death took place under tragic circumstances of Mr. Shyam Narain Tandon of Shahabad, who was the Sanitary Inspector of the District Board, Hardoi.

He was returning by train with a wedding party from Khatauli District, Muzaffarnagar. He complained of internal pain, and later his condition worsened. From Amroha, a telegram was sent to Station Master at Moradabad requesting him to have medical aid ready when the train arrived. By the time the train reached Moradabad, however, Mr. Tandon had already died.

The body will be cremated here as soon as the relatives arrive.—A.P.

Alleged Smugglers Arrested

(From Our Correspondent)

COCHIN, (By Mail). The Travancore Excise authorities arrested fifteen people from Suron on a charge of smuggling opium.

The alleged smugglers belonged to a party of 40 electricians from Surat who were on their way to Colombo in connection with a big electric work there.

JINNAH'S PLANS FOR UPLIFT OF MUSLIM MASSES

Appeal For Contributions To Central Fund To Carry On Propaganda Through Press

BOMBAY, June 3.

Mr. M. A. Jinnah, President of the All-India Muslim League has issued the following appeal to Muslims:—

"For the uplift and advancement of Mussalmans and working for their welfare, much work remains to be done in political, economic and social spheres of life by establishing different centres in India for supplying up to date political and economic information and knowledge and establishing relief centres to aid and assist poor Mussalmans in different parts of India. It is also necessary to have an independent Press for giving advanced political views to Mussalmans by publishing a weekly or daily paper both in English and Urdu, in order to contradict false and malicious propaganda which is carried on in different places by prejudicial and interested parties in India.

For this purpose a few prominent and patriotic Mussalmans of U. P., who at present desire to remain anonymous have placed in my hands the large sum of Rs. 50,000 for the advancement of Muslim cause and interests in general and for protection of political rights of the Mussalmans in particular. The object mentioned above and many other

Retaliatory Boycott Advocated, In Case Italian Govt. Is Adamant

BOMBAY, June 3.

Mr. Mahomedally Alalabux, M.L.A., Secretary, All-India Muslim Federation, Bombay, has issued the following statement to the Press in connection with the Italian Government's treatment towards the Indian Business House in Abyssinia:—

The Italian Government's treatment towards the Indian Business House in Abyssinia is most unjust and reasonable time to dispose of the Press has been given to understand that the Italian Government undertook to afford all necessary facilities, full liberty and reasonable time to dispose of their goods and properties, due to a representation made by His Majesty's Government. But we are in a position to say that Messrs. Mahomedally and Co. did not get permit to export products of Abyssinia such as coffee, hides, bees, wax, skins, etc., of which they have a very large stock valuing lakhs of rupees. Neither are they allowed to send out their huge deposits which are lying with the Italian Government bank. They are not permitted to send out of Abyssinia the proceeds of their merchandise. Restrictions have not been withdrawn from their way of disposal.

From this, the British Government and the people of India must know the Italian Government's methods. Therefore the British Government should make it quite clear, to the public of India, as to what facilities the Italian Government have promised to Messrs. Mahomedally and Co. Also it is quite essential for the British Government and the Government of India to watch closely if the Italian Government have honestly fulfilled their assurance.

A Cross Constipated Child needs 'California Syrup of Figs'—the safe Fruit Laxative.

MOTHER! No matter what ails your little one—be it stuffy cold, sore throat, diarrhoea or stomach-ache, the first treatment should always be a thorough internal cleansing. Give a teaspoonful of 'California Syrup of Figs' immediately. Children simply love its delicious flavour and its unailing action is gentle and entirely natural. In a few hours the little system will be thoroughly cleared and you will once again have a healthy happy child. A child will not take the time from play to empty the bowels and as a result develops a sluggish liver and disordered stomach. To remedy this and cleanse and regulate the child's whole system, doctors and nurses the world over recommend a regular weekly dose of 'California Syrup of Figs'—the Safe Fruit Laxative.

'California Syrup of Figs' is sold by all chemists and druggists. Be sure to emphasize the word 'California' when buying, and see that the name is on the wrapper.

California Syrup of Figs
NATURE'S OWN LAXATIVE

Modish Complexions

Yes, complexions are won, as nature will—but this does not mean that you display them in their morning glory, fresh from the bath tub! Make-up is less artificial, follows natural colouring and aims to achieve a natural effect of youthful loveliness. So away with sallow skins, banish your blatant rouges and lipsticks, you've got to look young and beautiful. And how are you to do it? Get an ounce of Mercolized Wax from your chemist and apply a little nightly. While you sleep this oxygenated wax will gently and imperceptibly absorb the discoloured outer skin with its wrinkles and blemishes, revealing the fresh, flawless complexion now concealed beneath. Try a ton-day treatment if you would see your complexion at its best. Mercolized Wax contains no animal fat.

"The roof over the stage shall be of fire-resisting material and shall be provided with a lantern light or lights at the back thereof equal at the base to one-sixth of the area of the stage. Such lantern light or lights shall be glazed at the sides with sheet glass not more than one-twelfth of an inch in thickness and shall be capable of being opened to an extent equal at least to the superficial area required at the base of the lantern light. The sashes shall be bottom hung to open outwards, shall be of a type that cannot be rendered inoperative by warping or settlement or by dirt, and shall be capable of being opened by the cutting of a cord and/or by the fusing of a link. Such cord shall be brought down to the stage to a position near the safety curtain release and shall be suitably indicated."

ABOLISH 'LINE SYSTEM'

SYLHET, June 3.
Mr. Abdil Matin Choudhary, M.L.A. (Assam) has given notice of the following resolution to be moved in the Assam Legislative Assembly:—
"This Assembly recommends to the Government of Assam that the 'Line System' which is being maintained in some districts of Assam Valley in order to confine settlement of land the immigrants in areas be forthwith abolished."
It may be recalled that the Assam Government recently passed orders introducing what is 'Line System' which demarcates a line upto which non-Assamese immigrants can settle but not beyond it. It is stated that a large number of Hindus and Muslims have recently come from East-Bengal and are found stranded in Norgong and other districts

Trie To Save Coolies And Got Burnt

60-Year-Old Varnish Manufacturer Succumbs To Injuries

In his attempt to save the coolies, whose clothes had caught fire, Raising Moulji, an old varnish manufacturer of 60, got severely burnt and died in the Hospital.
A verdict of death due to severe burns accidentally sustained was passed at the inquest held to-day.
It is stated that Raising had the varnish factory at Ripon Road and on Monday, while two coolies were boiling varnish on the furnace, their clothes caught fire. The old man, while trying to put down the fire, got seriously burnt. He was removed to J.J. Hospital and from there to Harkissondas Hospital, where he died.

Harwood League

Runners-up Forced To A Draw

BOMBAY GYMKHANA'S PLUCKY FIGHT

BOMBAY, Thursday.
The Bombay Gymkhana forced a point from the Third Field Brigade, Kikree, the last year's runners-up, in the Harwood Football League, at the Cooperage, this evening. The visitors started in a manner which gave indications of a comfortable victory, having been two goals up in about twenty minutes, but the Gymkhana players bucked up courage and reduced the lead five minutes before the interval and drew level soon after resumption.

Particular mention must be made of Murray, the Gymkhana pivot, who played a sound game and steered his pack of forwards in a masterly fashion, while McFarlane the runners' centre-forward, who was responsible for both the goals scored by his side, gave a good display of accuracy in shooting and control on the ball.

THE GAME.
The game opened at a fast pace and both the teams tested the goalkeepers in turn. Midway through the first half, the Bombay Gymkhana made a bold bid for the goal and Broad Hurst, their inside-right, did find the net, the goal being disallowed as Butcher, Gymkhana's inside-left, was pulled for off-side.

In the 18th minute from the start, a combined movement between the visitors' forwards resulted in McFarlane's, their centre-forward, scoring a good goal. He got past both the full-backs and capped his effort with a hard shot in the corner of the net, clean beating the Gymkhana cus-

todlan. The same player doubled the score soon after on a good pass by Godfrey.
A few minutes before the interval the local team reduced the lead when Murray, their pivot, did the spade work and after dodging past no less than three defenders, he passed on to Broad Hurst, their inside-right, the latter scoring easily.

At half-time the Gymkhana were in arrears of one goal.

A little after resumption, the Gymkhana drew level, when off a corner, Butcher, their inside-left, headed in to score the second goal.

The score being two goals all, both the teams were now doing their very best to get the winning goal and the match should have really been decided. The game, however, ended in a draw, each team scoring twice.

THE RESULT:—
THIRD FIELD BRIGADE
R. A. KIRKEE..... 2 goals.
BOMBAY GYMKHANA 2 goals.

THE TEAMS WERE:—
THIRD FIELD BRIGADE: R. A. KIRKEE; Robinson; Lyman and Walker; Compton, Bradford and Clugg; Mansfield, Jones, McFarlane, Godfrey and Jewell.
BOMBAY GYMKHANA: Edden; Gowang and Browne; Noble, Murray and Collins; Love, Broad Hurst, Schultz, Butcher and Merchant.

TALK OF THE SUBURBS

(By: A SUBURBAN MAN)

With uplift work in progress, Bassein Catholics are now carrying on a 'Social Reform Campaign'. Some time back I wrote about a meeting of Bassein Catholics called by Rev. Fr. Andrew D'Souza, Vicar of Pardi Church.

This meeting, it will be recalled, dwelt on the expensive wedding and baptismal customs of the Bassein Catholics. During that meeting Fr. D'Souza speaking on the expensive customs, particularly laid stress on the point that liquor at the wedding dinner table should not be served more than three times and no drink should be offered to those who stand at the dinner or serve the dinner.

This suggestion, I am told, to a very large extent is already bearing fruits for at many weddings held recently it was acted upon.

Bassein marriage customs, especially of the Catholics of Manickpur, are varied in number. The marriage ceremonies start from Saturday when gallons and gallons of liquor are served to those who have helped to put up the pandal. Sunday is another grand day and on Monday after the celebrating of the wedding the guests, who comprise nearly the whole village, besides relatives and friends, are invited to the bride's place for dinner, and on Tuesday at the bridegroom's house.

Monday and Tuesday being the main days of the celebrations relatives, friends and villagers are invited but this does not end here, there are other celebrations which last throughout the week, during which time besides foodstuffs, gallons of liquor are consumed.
Baptismal or Christening of newly born child is another expensive custom which at times lasts for many days.

In view of the first meeting, another meeting was held recently when it was proposed that in future Baptismal ceremonies should be carried on without observing all such unnecessary and expensive celebrations and that weddings should be celebrated for two days, one day at the place of the bride and one day at the bridegroom's. If this custom, adopted, Bassein Catholics will be free from the heavy debts they incur by the wedding celebrations.

BHAYA ROBBED OF RS. 600.

Shambharising Prithar Palsing, a milkman of Santa Cruz, has lodged a complaint at the Bandra Police station that he has been robbed by an unknown man of Rs. 600.

It appears that the complainant had locked his door and gone out to milk his buffaloes on the night of May 31 last and returned at 6 a.m. on the next day.

At 12 noon on the same day the complainant having to pay a certain man, went to his cash box where he had kept Rs. 600, but found it empty. He thus lodged a complaint at the Police station. Inquiries are in progress.

SATTA RAID AT BANDRA.

On June 1, at about 8 p.m. second Sub-Inspector Mr. G. S. Dhovle of the Bandra Police raided a Panpatti shop at Bhoiwada Lane, Bandra.
On a warrant issued by the District Superintendent of Police, Bombay Suburban District on May 29, the shop was raided and two persons were arrested with cash amounting to Rs. 25-5-9 and betting slips hauled up. The arrested persons were being prosecuted.

MOTIMAHAL FIRE ECHO

Mr. Justice Macklin at the High Court heard the suit filed by Lalji Meghji against Ravi Bahadur Sheth Hurdutray Motilal Chamaris in connection with a fire that destroyed a cinema theatre in Hyderabad (Deccan) last year.

The plaintiff was the owner of "Prem Theatre" otherwise known as "Motimahal Cinema" in Sultan Bazar, Hyderabad, Deccan. In February, 1935, he leased the theatre for a period of five years to the defendant at a monthly rent of Rs. 1,043 and under the contract, it was stated, the defendant agreed to take out a fire insurance policy for the theatre and to take all precautions against fire.

COMMITTEE'S FINDINGS.
Then on January 14, 1936, a fire broke out which burnt down the theatre. It was further stated by the plaintiff that a committee appointed by the Nizam's Government enquired into the causes of the fire and reported that the fire was due to the negligence of the defendants' servants in keeping cinema films at the theatre.
The plaintiff, therefore, filed this suit claiming Rs. 28,130 as rent for the remaining period of the lease and Rs. 29,623 as damages for loss caused to him by the fire. The defendant denied that he

WIFE WHO WAS CROSS AND TOUCHY

Not Fit to Live With

PUT HERSELF RIGHT WITH KRUSCHEN

"I am 39 years of age," a woman writes, "Yet some days I have been feeling and looking 100 years' old. I would get fits of exhaustion for no good reason at all. I was not fit to live with because I would be so cross and touchy. I did not seem to have any ambition to do my housework, and I was tired all the time."

"Two years ago I had scatica all down my left side from the hip. My doctor says all this is caused through my nerves. I took Kruschen and found it helped me very much. Since I started taking it I am a different person. I am beginning to find life is worth living. My work seems a lot easier and I have a lot more energy."—(Mrs.) G.M.

In ninety-nine cases out of a hundred the cause of ill-temper is ill-health. A sour mind has its source in a sour inside—the result of sluggish eliminating organs that allow waste matter to accumulate and poison the blood.

The "little daily dose" of Kruschen puts an end to all this because it restores the eliminating organs to proper activity by providing them with the daily reminder and daily aid they require. "Cleaned and invigorated blood is sent circulating all over the system, carrying new vitality to every nerve end and new vigor to every limb. Kruschen Salts is obtainable at all Chemists, Stores and Bazaars."

385 Fresh Arrests For Rioting

Men Charged With Defying Curfew Order, Carrying Lethal Weapons And For Unlawful Assembly, Bailed Out At Special Court

BOMBAY, Thursday. The tumult and the shouting with which the Dadar Police Court was familiar for the last two days, arising from a crop of arrests, during the communal disturbance in the City, were temporarily transferred to a solitary compound at the Hockey Ground, near the Naigaum Chawl, at Parel.

All the 385 accused arrested by the several Sectional Police, last night and early this morning were cordoned off at the special compound, when the remand for bail was taken before Mr. W. K. Manekar, Presidency Magistrate, Special Riot Court, at the compound.

Under the scorching sun and sultry heat, the accused were locked up for about three hours. Later on they were put in two lorries and removed to Police custody. Some of them were released on bail.

CROWD IN COURT. While the accused were in the compound at a distance of about 400 yards from the Police Court, the latter place still resounded with a buzz and activity, due to a constant flow of inquisitive visitors, friends and relatives of the accused, who came to the Court, presumably on a wrong scent.

208 persons were arrested for breach of Curfew Order by the Dongrl Police within 8 hours last night, while 126 were arrested by the Fydhoniwle Police for the same offence.

ALL ACCUSED BAILED OUT. About 50 persons were arrested by the Byculia and Nagpada Police for contravention of the Commissioner's order banning lethal weapons.

Even the comparatively quiet locality of Lamington Road, yielded two arrests for breach of Curfew Order.

The Magistrate granted the bail application in all the cases. Those who failed to furnish the bail were ordered to be remanded into Police custody.

29 CONVICTED. Twenty-nine persons were sentenced for contravening the Police Commissioner's order banning lethal weapons, on Thursday, by the Special Magistrate, Riot Court, Bombay.

Out of them fifteen paid their fines and out of those convicted for the same offence yesterday, seven paid their fines on Thursday. The fines ranged from Rs. 15 to Rs. 50.

The rush to pay the fine by the convicted persons was like that usually seen in banks when a "run" on them takes place.

The Magistrate took more than four hours to postpone the hearing of the case of those persons placed on charge-sheets.

TWO REMANDED AT GIRGAUM COURT

A man who came to the J. J. Hospital for treatment of bullet wounds afforded the clue to the arrest of two persons at Khoja Street who are alleged to have been in the riotous crowd that assaulted the inmates of a victoria, which was coming from Carnac Bunder to Duncan Road via Bhandari Bazaar on the night of May 31st.

It may be recalled that fire was opened by the police in this connection.

The two persons arrested this morning as a result of enquiries are Karamshah Eshar Shah and Abdullah Azgar Khan.

ON RIOT CHARGES. They were produced before the Girgaum Police Court on charges of rioting, causing grievous hurt, unlawful assembly, being in possession of dangerous weapons—lathis and knives—in contravention of the Police Commissioners' orders.

As the victoria in question appeared on the scene at Sandhurst Road near Null Bazaar, it was stated a crowd of Muslims surrounded and stopped it.

The inmates of the victoria were Hindus and one of them managed to escape and two of the remaining party were set upon by the menacing crowd with the weapons.

DEPUTY INSPECTOR HAMPTON ON SCENE. Just in time arrived Deputy Inspector Hampton, and the crowd began to melt away. The Inspector pursued the alleged assailants and opened fire on one of them, who is now absconding.

As a result of the Melee, Parbhhu Bhivrao Powar, one of the passengers of the victoria who was seriously injured, was admitted later on into the J. J. Hospital. He is still there.

Later on Accused 1 came on the scene at J. J. Hospital for treatment as aforesaid.

This morning the accused were arrested, while they were together at Khoja Street by the Mahabadi Police.

The accused were remanded into Police custody for 13 days.

FACILITIES FOR PUNJAB M.L.As.

Move For Securing Exemption To Salaries From Income Tax

SIMLA, June 3. Apart from recommending an annual salary of Rs. 1,500 for all members, it is understood that the Sub-Committee of the Punjab Assembly has suggested that the Punjab Government should approach the Government of India with a request that this money be cases where return tickets.

The salary is to commence in all cases from the date of taking the oath. As regards travelling allowances, the Sub-Committee has recommended continuance of the present one and two-thirds first class by rail and mileage by road. For intermediate journeys however, only one first class to and from should be allowed without any mileage, and actual return fares should be paid in all cases when return tickets are available.

The adjournment of the House for more than seven days should be treated as a termination of the session for the purposes of journey allowances.

In regard to the journeys and attendance at committees, it was agreed that (a) no allowance be paid for a meeting held while the Assembly is in session, (b) that in respect of journeys to attend meetings held outside the session allowances should continue at present rates, and on present conditions, and (c) that the daily allowance of Rs. 12 be allowed for attendance and that this allowance be paid in addition to the salary payable to members.—A. ADJOURNMENT FOR PUNJAB ASSEMBLY?

Sequel To Attack On Congress By Hayat Khan

(From Our Correspondent.)

SIMLA, June 3. I understand that an adjournment motion has been tabled in the Punjab Assembly calling in question to Premier Sikandar Hayat's reply to Khatri deputation.

It will be remembered Sir Sikandar Hayat in his reply to deputation attacked Congress and its attitude to minorities. Notice has also been given of adjournment motions raising the situation of Amritsar as a result of Khalsa College strike and water scarcity in Hissar.

RELIEF FOR AGRICULTURISTS

Notice Resolutions For Punjab Assembly Ask For Remissions

(From Our Correspondent.)

SIMLA, June 3. Two non-official days have been reserved for resolutions in the forthcoming session of the Punjab Assembly which is likely to be crowded judging by number of resolutions of which notice has been given. It is learnt from members who have already arrived here that no less than 50 motions will appear on the Order Paper. Some of these will offer relief to agriculturists in various forms such as granting of remissions and concessions. Other resolutions of interest to the rural population will urge multiplication of Debt Conciliation Boards, prohibition of forced labour, evolving of five years' plan for rural reconstruction reservation of posts for scheduled castes and revision of panchayat Act so as to extend its scope.

Among other proposals which will be pressed through these resolutions will be discontinuance of special lists of newspapers for giving courts' advertisements giving up of summer exodus by the Government to Simla and separation of Judicial from Executive functions.

One member, it is learnt, will urge that suppression of municipalities should no longer be resorted. Congress members will urge that political prisoners not convicted for violence be released and that jagirs, pensions and properties confiscated before the commencement of the new constitution be restored to their owners.

Middlesex Beat Warwickshire

LONDON, June 3. In the match between Middlesex and Warwickshire which began yesterday, Middlesex won by an innings and 180 runs.

No-Confidence In Interim Ministry

Benares District Political Conference Resolution

BENARES, June 2. The Benares District Political Conference held last night under the presidency of Pandit Gobind Ballabh Pant, Leader of the Congress Party in the U. P. Legislative Assembly, passed a resolution expressing no-confidence in the minority Ministry which was against all principles of democracy and demanding the summoning of the Assembly immediately.

The resolution further stated: The Conference while appreciating the courteous tone and the spirit of Sir Harry Haig's statement on the political situation and acknowledging the expression of hope on his part that an occasion for his differing from his Ministers may never arise, is utterly unable to understand why there should then be any difficulty for the Government as mandated by the Allahabad resolution of the Congress Working Committee in dismissing Ministers or dissolving the Assembly in that event as envisaged even by the then Secretary of State for India (Sir Samuel Hoare) in his evidence before the Joint Parliamentary Committee.

SIR SORAB POCHKHANAWALA

BOMBAY, Thursday. The condition of Sir Sorab Pochkhanawala, Managing Director of the Central Bank of India, Ltd., to-day is reported to be much the same as yesterday, although he passed a slightly restless night.

There is, however, no cause for any immediate anxiety as the Doctors are of opinion that, in spite of the temperature still being 102 deg., if the patient maintains his strength as he has hitherto done, there will be a steady recovery.

EMPIRE DEFENCE

Discussions Reveal No Differences In Principle

LONDON, June 3. It is understood that during the Imperial Conference discussions there has been a very full and frank exchange of views on the subject of Empire Defence.

The British Government has taken the Dominions' Premiers and other Empire representatives into full confidence regarding the Defence measures, the present position in rearmament programmes, and the future plans, while Dominions have been equally communicative.

The discussions revealed no differences in principle and resulted in general harmonising of views.

During the past fortnight, there has been a complete exchange of views on all major aspects of international problems from different geographical points of view in various parts of the Empire. There have also been discussions on economic appeasement, more especially regarding Europe. Where this impinged upon the suggested Anglo-American Pact and Ottawa Agreement there has been little more than a general statement as it is realised that negotiations, when started are likely to be protracted owing to the complexities of the subjects and not because of the nature of the concessions which may be inevitable. These probably will be small.

The subject is now being examined by experts and is unlikely to come before the Conference again during the present session.

Govt. Banquet For Imperial Conference Delegates

LONDON, June 3. The Dominions Prime Ministers, British and Dominions Cabinet Ministers and other Delegates to the Imperial Conference and prominent figures of Empire Service were entertained at a banquet by the Government to-night at Grosvenor House, Mr. Chamberlain presiding.

Simultaneously, the ladies accompanying the Conference were banqueted by the Government at the Dorchester Hotel under the Chairmanship of Mrs. Chamberlain.—Reuter's Special.

REBELS EJECTED FROM DAMONA RIDGE

BILBAO, June 3. After fullscale counter-attacks since Saturday the Basque forces to-day claim to have ejected the insurgents from the Damona Ridge while the Advance Guard is pursuing the insurgents in the direction of Amorebieta.—Reuter.

NAVAL OBSERVATION OF SPANISH COAST

Eden On British Gov't's Essential Aim

LONDON, June 3. The British Government last night communicated to the Governments of the Non-Intervention Committee proposals which they hope will provide adequate guarantees against the recurrence of the incident in Spain which caused the German and Italian withdrawal from the scheme.

Mr. Eden announcing this in the Commons said that the Government considered that the essential aim should be full international co-operation and complete restoration of the scheme of naval observation of the Spanish coast with the least possible delay.

The Government attached all the more importance to their proposals since they were anxious to make the quickest possible progress with the withdrawal of foreign combatants. They regarded this matter as urgent.—Reuter.

MUNITION DUMP EXPLODES AFTER 19 YEARS

TRENTO (Italy) (By Mail). After 19 years, an Austrian munition dump of the Great War has exploded and destroyed a house built above it at Trambileno near here.

The explosion killed a woman, and injured a man and baby.—Reuter.

WHEN MUSLIMS JOIN CONGRESS

U. P. League Leader's Propaganda

JHANSI, June 3. Zahur Ahmed, the U. P. M.L.A., and Muslim League leader, who is at present here in connection with propaganda work, addressing a Muslim meeting, said that his community were ready to join the Congress if an honourable settlement was reached between Congress and the Muslims. If the Congress demanded an assurance from Government before taking office, it was only fair for it to give an assurance to Muslims in regard to the protection of their culture, language and religious rights. It was high time that the Muslims who had hitherto been knocking at the Government doors should take a lesson from the Government attitude towards the Palestinian Arabs and Frontier tribesmen, and stand on their own legs.

"We shall bend neither before Linlithgow nor Jawaharlal. Let us show Nehru that along with two parties namely the Government and Congress, there exists a third party also, the Muslim League."

A branch of the Muslim League has been formed at Jhansi.—A. P.

COAL COMMITTEE'S RECOMMENDATIONS

Legislation To Implement Them Not Likely Till Simla Session

SIMLA, June 3. Implications of the Coal Mining Committee's recommendations specially those relating to the constitution of the coal conservation authority, compulsory stowing, leaving of cess etc. are being carefully considered by the Government of India.

It is understood that a mining expert is being brought from Calcutta for consultation in the early stages of the drafting of proposals based on the Committee's report.

The procedure as to how these proposals would be given a concrete shape has not yet been decided upon. Should it be felt necessary, the Government of India will first hold unofficial meetings with Provincial Governments and Mining Associations before bringing their proposals to the legislature or they may circulate draft proposals to the parties concerned and then approach the Legislature. Legislation to implement these recommendations is not likely to be undertaken until the next Simla session.

Meanwhile the Government of India are taking steps to make the existing temporary mining regulations permanent and add one or two more which are being shortly circulated.—United Press.

TO EXAMINE DEFENCE BUDGET

Public Accounts Committee To Meet In July

SIMLA, June 3. It is understood that the Public Accounts Committee will meet about the second week of July and will first proceed with the examination of the defence accounts.

Consideration of the new expenditure will probably have to be held over until the Assembly meets as no Standing Finance Committee was elected in the last Delhi Session. As there was a suggestion for the modification of the scope and functions of the Committee, its election was postponed.

Decision on the reconstruction of the Committee will be taken after the return of Sir James Grigg from leave.—United Press.

PROTEST MARCH

SHANGHAI, (By Mail).

A unique spectacle was afforded residents of Yangchow, 140 miles north-west of Shanghai, when 160 blind men staged an indignation parade through the streets of the city.

The demonstration was against the regulations of a hospital in which they are confined for part of the day.

Unable to see their way, the marchers had their left arms tied to one another, and they shouted slogans as they progressed, drawing thousands of curious onlookers and disrupting traffic.

The demonstrators dispersed only after repeated persuasions had been made by the Superintendent of the hospital.—Reuter.

WINDSOR WALLIS WEDDING

(Continued from Page 1.)

Cande at 11-30 to-day. In conformity with French Law, the civil ceremony will be performed by Dr. Mercier, Mayor of Monts, who will enter the marriage in the register of Mont Sa among the pages filled with entries of the weddings of small farmers and village girls.

Dr. Mercier will read to the couple the articles of the Civil Code in which occur the words: "The husband owes help and protection to his wife and the wife owes obedience to her husband."

The Church of England service will follow immediately in the flower-decked music room of the Chateau. The Duke and the Duchess will spend the afternoon among their guests leaving by car in the evening to catch the train for Arnoldstein in Austria from where they will motor to Schloss Wasserleoburg in Carinthia which the Duke has rented for three months.

The day dawned brightly over the village which is decorated with British, American and French flags. Strong forces of police are closely guarding every approach to the Chateau and scrutinising the permits of all motor cars. The guards are scattered in a five mile circle around the estate to ensure the privacy of the Duke, his bride and their guests.—Reuter.

FEAR OF HINDU-MUSLIM CONFLICT

Congress Nominee For Assembly Explains Why He Withdrew From Contest

LAHORE, June 3. Mian Abdul Aziz, the Congress nominee in the Central Assembly bye-election, in a statement explaining his withdrawal from the contest following arbitration says: "Congress offered its support in this bye-election which I accepted, but before long it became evident to me that the Muslim masses did not view with favour my association with the Congress. I also found that Congress was unable to fulfil the promises it made to me. Moreover there was a distinct danger that the election contest might lead to a Hindu-Muslim conflict and create bitterness between the two communities. In order to safeguard the solidarity of the Muslims and prevent unnecessary turmoil, I agreed to submit the question to arbitration and abide by the award."

Concluding, Mian Aziz says that his election campaign was wholly financed by himself. The Congress neither offered him nor did he seek financial assistance.

Sir Sikander Hyat Khan, the Unionist Leader, at whose instance and suggestion the arbitration was arranged, returned from Simla to-day.

Dr. Satyapal, President of the Punjab Provincial Congress Committee, in a statement thanks all workers, including the frontier red shirts, for helping Congress in this election, but does not refer to the withdrawal of Mian Aziz without consulting Congress.

A prominent Congress leader said that Dr. Satyapal was too shocked to say anything, adding that the general view was that the Congress programme of establishing contact with the Muslim masses had suffered a severe blow by the incident.—A. P.

DELHI SUPPORTS KHALSA STRIKE

Students Condemn Principal's Attitude

NEW DELHI, June 3.

A meeting of college students held this evening at Azad Park passed a resolution sympathising with the students of Khalsa College, Amritsar, supporting their demands, and condemning the attitude of the Principal.

Mr. Jaii Abbas, the mover, and Ali Sardar Jafri, the supporter of the resolution, both belong to the Arabic College, while the President of the meeting was Mr. Kunwarial, a student of the Hindu College.

Three students are leaving to-night for Amritsar where they will study the situation and on their return report to the Delhi Students' Federation. During their stay in Amritsar they will give what assistance they can to the Khalsa strikers.

The question of further assistance, and what form it should take, will be decided after consideration of their report by the Delhi Federation.—A. P.

NO USE NOW FOR LEGISLATURES

TINNEVELLY, May 31. The First Conference of the kind organised by a village Congress Committee was held yesterday at Thenthiru Peral village, an important pilgrim centre in this district. There was a large gathering including a large number of women and Muslims. The conference had a rural setting throughout.

The President in his address said that there was hereafter no use of the legislatures for though the Congress was elected in a majority yet the Government had not chosen to summon the legislatures and even if they summoned the Government would put such obstacles in the way of Congress ministers functioning that they (Congress people) would be made to resign or the legislature being dissolved. He appealed to people to join the Congress in large numbers and strengthen the same in order to win swaraj for India.—A. P.

Struggle To Get Out Of Financial Morass

Desperate Search For Money Proves Futile

Interim Ministry's Outlandish Programme Collapsing

Puppets Meeting On Monday Next To Rack Their Brains To Find Way Out Of Impasse!

FROM OUR SPECIAL CORRESPONDENT.

The Provincial Finances under the new Reforms are, as was feared, in doldrums. That is why the Finance Ministers of various Provinces are going into conference on the 7th and 8th instant in Bombay in a desperate search for a way out of a situation brought about by an outlandish programme, which they have drafted without reckoning their own precarious position.

In the six major Provinces, where the constitutional "puppets" are in office, the Ministers have become helpless victims of circumstances, brought about by their own actions.

The Finance Ministers' Conference is being attended by representatives of Assam, United Provinces, Central Provinces, Bihar and Bombay, and some more may join.

If anything, this conference proves once again irrefutably, the soundness and the profound justification of the Congress demand for assurance, that if the Congress is to carry out its programme, it shall not stand any interference unnecessarily from the Governors.

The Reforms have brought only increased expenditure as an additional problem to the "popular" Ministers.

In addition, "mass relief" programmes calculated to add to the expenditure, have been drawn up, more with a view to discredit the Congress, than to do some honest service to the people.

It has been proved more than amply during the 'regime' of the ill-fated Dyarchy, that the resources of the provinces, have remained deplorably inelastic, for several reasons into which one need not go at present.

And the Bombay Government in their memorandum to Sir Otto Niemeyer, some months back, punched blindly in the face of the future Ministers, by declaring that the people of the province had already been taxed to their utmost paying capacity. This implied that further taxation would be ill-advised. A false impression was also created by this memorandum that the people would not be taxed again in the near future, unless their economic position improved.

Any administrator at that time ought to have known that such a view expressed on behalf of the Provincial Government was bound to place great difficulties in the way of any future ministry and yet the Government had to tell what they had felt, so that Sir Otto would be enabled to make his award.

And now comes the question: Where is the dough for this big cake?

Barriers On All Sides

Turn whichever way the Ministers may wish to, they find on all sides huge barriers in the shape of reservation of taxable items under the Federal List. They are told so by the Government of India Act. All sources of revenue which human genius could imagine are nearly listed and reserved for the Federal Government.

The Provincial ministers are asked to scrap the crumbs here and there, besides the age-old Land Revenue which does not and cannot show any improvement, the excise duty, which must go down in the near future, if the ministers' programmes are honest to goodness.

No wonder that the Finance Ministers are driven by circumstances to think of levying fantastic taxes, on cattle and boats, on Inns and Inn-keepers, on houses, hearths and windows, on professions, trades, callings and employments, on burials and burial grounds, markets and fairs, money-lending

and money-lenders, and on betting and gambling (all these are provided for in the Act.) There are also equally insignificant items too numerous to be mentioned here. But the machinery required to gather these crumbs would be so complicated that almost all the money gathered would be needed to grease its wheels and keep it going!

No wonder that the Financial ministers are in a sorry plight, and as friends in distress are putting their heads together to find a way out.

Their Conference proves two things. First of all it justifies with so much eloquent silence, the Congress demand for assurance, so that the Congress may launch out boldly on its programme without undue interference from the Governors. Frankly speaking, the situation demands courageous action backed up by the support of the people of the province. It is quite likely that some unpleasantness will be caused, but it requires some courage which a majority party alone can have politically, to face the situation.

So far the "puppets" have maintained the claim that the Governors have not interfered in their programme or their activities. But the programme offers the real test and no ministry has so far considered seriously, any proposals which are calculated to ease the situation, and over which difference of opinion between the Ministers and the Governors is bound to arise, if genuine and not spurious relief to the masses is vigorously contemplated and undertaken.

Myth Exploded

The other thing which the Conference does is the exploding of the myth, a favourite of the Anglo-Indian Press, that the interests of each province are different and varied and the problems in each province require separate consideration and solution peculiar only to that province. This does have been put on thousands of readers of these newspapers, which have lost no time in criticising the Congress, because the Congress has set up machinery to deal with all the provinces in a uniform fashion.

What is the significance of this conference of "puppet" ministers, but that it proves irresistibly that the interests of the provinces are, after all, not so much different, as to lead to provincial jealousy. On the other hand the Conference shows that all Provinces are bundled up close to each other, by the common bond of helplessness and by the uniformly discouraging economic conditions of the people.

And it is also certain that drastic action is needed and no province singly is willing to take the risk unless the other Provinces too rally in an attempt to "soak the rich."

It is in this atmosphere that the Conference is meeting and no one will be sorry for these Financial Ministers for they agreed to tackle the situation, without the power to do so.

After doing a lot of political ice-skating, they will skate back again to the position which the Congress has taken up, namely, the Cabinet must have a free hand, if the Ministers are expected to do some real good to the masses.

TREASURY GUARDS FIGHT WITH POLICE

HYDERABAD (Deccan) June 2. The Arab Guards of the Government Treasury at Asafabad were involved in a serious clash with the police resulting in several injuries on both sides, according to a report from Asafabad.

It appears that 11 Arabs visited a local circus on the night of May 29 and demanded free admission which was refused. When they insisted on their demand and threatened to become violent the

management requisitioned police aid whereupon the Arabs attacked the police resulting in a scuffle in which the Arabs used lathis and stones.

Eventually the Arabs were subdued with lathi charge and they were arrested.

A number of persons were injured on both sides including a police officer as well as the Civil Surgeon of Asafabad who was attending the performance.

MINISTER MEETS KIDNAPPED GIRLS

BANNU, June 2. Mr. Mehrchand Khanna, Revenue Minister left for Peshawar after visiting Dera Ismail Khan and Bannu. He interviewed one of the four kidnapped girls. The authorities are reported to have warned the kidnapping tribe to restore the girls in five days on pain of most severe penalties.—A. P.

INCOME TAX PROBLEM

Central Board Of Revenue Member On Tour

SIMLA, June 2. Mr. J. F. Sheehy, member of the Central Board of revenue who is leaving Simla on June 17 for a tour in Bombay, Madras, Calcutta and Patna will discuss with the local authorities various problems connected with the Income Tax Report.

It is understood that the Government of India have appointed Mr. Kapadia, Assistant Commissioner of Income Tax, Bombay and Mr. Pyralil, Income Tax Officer, Amritsar, Punjab, to examine all aspects of income tax with special reference to the proposed Legislation.

Both these officers have been placed on special duty in the Central Board of revenue.

OUR LONDON LETTER

(Continued from page 6) neral Goering, we are told, there imparted to the Regent the trend of his conversations with Mussolini and enlisted his support for the German proposals to be put forward by General Blomberg and Herr von Ribbentrop during the Coronation-week talks.

Nor was this the first meeting between the German Air-Chief and Prince Paul, since on two previous occasions, it is known, the two have supped together in Bied. That Prince Paul, did in fact carry out the General's request cannot now be denied and that his efforts were crowned with success, is generally agreed. It was not Prince Paul, but so it is said, the Duchess of Kent who played the outstanding role and brought Mr. Anthony Eden and General Goering together. Be that as it may the conversations initiated by Prince Paul have resulted in General Goering making a second journey to Italy, in a private train, accompanied by a staff of twelve—including a general—once again to visit his wife.

Torikhels Consider Peace Terms

Flight Of Faqir Demoralises Tribesmen

BANNU, June 2. The Tori Khels are assembling for a Jirgah at Palgah to the east of Talbrdge to consider the terms of peace.

The Jirgah will continue till Thursday and then move to Miranshah on June 4.

A leading Tori Khel Malik, Khan Shahdardkhan, met political authorities at Miranshah and was reported to have been told that all the kidnapped persons must be restored before peace terms were discussed.

Another Malik has restored to Hindus girls kidnapped from Gulim. He said he had rescued them from the kidnappers.

The Razmak line will be reopened on June 3.

The flight of the Faqir of Ipl from Arsalot cave has destroyed the fighting moral of the Tori Khels to whom the Faqir was hitherto a legendary figure with supernatural powers to resist all onslaughts on the cave.—A. P.

ALL QUIET IN SOUTH WAZIRISTAN

But Tribesmen Out For Mischief

SIMLA, June 3. A communique says that the plagues near Shinki and at Charlam camp were slightly sniped on the night of 1st/2nd June. On the 2nd of June reconnaissance were carried out by the Razmak Brigade from Razmak and by the first Indian Infantry Brigade from Charlam Camp. Only a few shots were fired. We had no casualties. In South Waziristan all was quiet. But gangs are abroad for mischief.

The following casualty is reported:—Died of wounds, Private R. S. Grieron of the Second Battalion, Argyll and Sutherland Highlanders. (He was reported to have been wounded on the 30th of May.)—A. P.

Educational Experts Report Ready

SIMLA, June 3. Advice received from London show that report of Abbott and Wood, educational experts, is now ready, and it is expected will be dispatched to India, probably by next air mail.

It is anticipated the report, among other things, recommend great extension of vocational training.

The Civil Liberties Conference which was to be held on June 5, has been postponed till September, according a London message.

FOR THAT 'HEAVEN-BORN' SERVICE

322 Europeans And 149 Indians Enter This Year

LONDON, (By Air Mail). 471 candidates, 322 of whom are Europeans and 149 Indians, have entered for the Indian Civil Service this year.

Additional Indian vacancies will be filled next January on the results of an examination to be held at Delhi, the entry for which does not close until later in the year.

Of the Europeans, 100 have entered for appointment by examination and also by selection, 89 for the examination only, and 133 for Selection only. These candidates come from famous Universities all over the British Isles.

The entry of 189 Europeans and 149 Indians for the London examination compares with 145 and 248 in 1936 and with 83 and 251 in 1935.—Reuter.

MAHATMA'S STATEMENT WELCOMED

Next Move Must Come From Govt.

MADRAS, June 3. Mr. Gandhi's statement to the "Times of India" is regarded as a momentous one in political circles here.

"Justice", the organ of the Justice Party, characterises it as definitely very conciliatory and expresses the opinion that Mr. Gandhi is right in stating that the next move must come from the Government.

The "Madras Mail" also agrees that the next move must come from the Government and adds that in the interests of the province and in wider interests of India it should be made without delay.—A. P.

Unanimous Demand For Abolition Of Malguzari System

Indulal Yagnik's Tribute To Nagpur Kisans

NAGPUR, June 1.

On the eve of his departure to-day for East Khandesh, after a week's tour in this Province Mr. Indulal Yagnik, Joint Secretary of the A. I. K. S., sent the following statement to the Press.

The Kisan Movement has certainly taken a big step forward in this province during the last week. The Vadoda circle (Nagpur Dt.) Kisan Conference held on May 25th, demanded the exemption of uneconomic holdings from taxation, and the reduction of all rent and revenue by 50 per cent at least due to heavy fall in prices.

The Betul Dt. Kisan Conference held at Amla on May 26 sounded the clarion call for the complete abolition of the Malguzari system, which was condemned as vexatious and oppressive on all hands.

And the Nagpur Dt. Kisan Conference held at Koradi yesterday, under the presidency of Mr. Biharlal Patel, the Congress M.L.A. from Betul, and attended by all sections of Congress, labour and Kisan workers of Nagpur, adopted the main fundamental and immediate demands formulated by the A. I. Kisan Sabha at Fatpur.

Basic Demand

I was deeply gratified to see, that the basic demand for the abolition of the Malguzari system (under which the Malguzars were appointed as revenue farmers some 50 years ago, and they receive more than 40 per cent of the revenue dues) was adopted yesterday unanimously for the first time, at so representative a conference within an ear-shot of the Capital of the province.

In fact three successive conferences—The Kisan and Political Conferences in Betul Dt. (the latter presided over by Dr. Khare, Congress leader in the Assembly, and the Nagpur Dt. Kisan Conference—all held during the last week have sounded the death-knell of the Malguzari system, which has well nigh bled the Kisans white in the province.

ABOLISH MALGUZARI SYSTEM

Yagnik Attacks Interim Ministry At Nagpur Meeting

NAGPUR, May 31. A public meeting of the citizens of Nagpur was held last night at Itwari Chowk under the Presidency of Mr. R. S. Rulkar, the labour leader, when Mr. Indulal Yagnik, Joint Secretary of the All-India Kisan Sabha delivered a speech on Peasant Problems in the Central Provinces.

After the Chairman introduced the lecturer of the evening General Avari spoke at length on the political and agrarian problems on the day. He expressed himself in favour of Socialism and the abolition of the Malguzari system but thought that these reforms should be introduced after the achievement of political independence.

ment of political independence.

Mr. Yagnik referred to the out set to the Nagpur Dt. Kisan Conference to be held at Koradi, the next day and enlarged on the appalling poverty of the peasantry in the province. The greatest responsibility lay on the shoulders of the Government which had devised an obnoxious and oppressive system of land taxation which denied the peasants' right to minimum subsistence for himself and his family from the fruits of the soil.

INTELLECTUAL INCAPACITY.

Referring to the recent Government statement of policy, Mr. Yagnik denounced the Rao Mihalilal Patel, the Congress M.L.A. from Betul, and attended by all sections of Congress, labour and Kisan workers of Nagpur, adopted the main fundamental and immediate demands formulated by the A. I. Kisan Sabha at Fatpur.

Proceeding further Mr. Yagnik spoke at some length on the ghastly evils of the Malguzari system which had been imposed by the Government about 50 years ago. The Malguzars, on 'Governments' admission were only revenue farmers who had outlived their usefulness and had degenerated into affluent absentee landlords. First they pocketed 40 per cent of the revenue extorted from the peasants without rendering any service to the people. Secondly they extorted big sums as 'Nazarana' and arbitrary tax on all sales of peasants' rights. Thirdly the Malguzars extorted unauthorised levies, in cash and kind from the pauperised peasantry. Fourthly, there was the evil of forced labour which reduced the peasants to a state of slavery. Fifthly, the Malguzars levied extra charges as grazing fees and special rates for the right of collecting timber 'Mazura' and other jungle products. Sixthly, they made fabulous profits by trading as Sahukars and squeezing the last pite from the starving peasants. And lastly, the Malguzars had virtually established their own Raj in rural areas by allying themselves with the police and the Magistracy and thus succeeded in oppressing and terrorising the poor peasantry with complete impunity.

In conclusion Mr. Yagnik described the Malguzari system as a terror and a monstrosity which should be abolished forthwith, without according any the slightest compensation to the Malguzars.

After the Chairman introduced the lecturer of the evening General Avari spoke at length on the political and agrarian problems on the day. He expressed himself in favour of Socialism and the abolition of the Malguzari system but thought that these reforms should be introduced after the achievement of political independence.

C. P. PREMIER AS PEACE MAKER!

Out To Remove Congress Govt. Misunderstandings

NAGPUR, June 2. Replying to a communication from the Secretary of the Reception Committee of the Mahakosal (C. P. Hindi) Provincial Conference (which is to be held at Pimpri, 32 miles from Pachmarhi on the 10th June) asking him and his colleagues to attend the Conference, Mr. E. Raghavendra Rao, Chief Minister, says that the policy and programme adumbrated by the Provincial Government can be more appropriately discussed in the Legislature as soon as it is summoned. Wishing the Conference success, he earnestly hopes that as a result of the deliberations at the Mahakosal conference, leadership will be available for the service of the whole Province instead of being dissipated in avoidable personal feuds.

The Chief Minister declares: "We have no desire to do anything to prevent the Congress Party from assuming office without further loss of time. Indeed I am prepared to do everything to help in removing any misunderstanding between the Governor and the Congress Party as to the working of the Constitution and particularly in regard to the Special Powers of the Governor. I have positive evidence that they are anxious to work the Constitution without being encumbered by any conditions but they are afraid to say so publicly. I can quite imagine their hesitation to act as they feel. It is often difficult to dissent from prevailing patriotism and strike a line which one's conscience tells one to be the right one."

Mr. S. D. Mishra, Secretary of the Reception Committee had written to Mr. Rao and his colleagues asking them to attend the Conference and thereby avail themselves of an opportunity of placing their views before the people.—A. P.

THE THREE MUSKETEERS

POLITICS OR LOVE?

The cardinal's designs aimed at weakening the king's confidence in the queen. Through his agents he knew everything about the duke's stay in Paris and about the late visit to the queen, who on that occasion presented the duke with a diamond-studded crozier in a casket, a gift from the king.

The cardinal said that the duke

had been staying in Paris for five days and had only just left. The king got into a rage.

"What did he come here for?" he cried.

"To conspire with your majesty's enemies, the Huguenots and the Spaniards," the cardinal believed.

"No, pardieu, of course he has conspired against my honour," cried the king beside himself.

BY THE KING'S ORDER

The king's suspicion had been aroused, and in vain the cardinal pretended to defend the queen by maintaining that the duke's visit had solely been a political one. "It occurs to me," he added cunningly, "that her majesty's lady-in-waiting has informed me that the queen sat up very late last night, that she has written letters."

"For him, of course!" cried the king.

"Cardinal, I must have the queen's letter."

"But we cannot force the queen to deliver up the letter."

"M. cardinal, you have heard my will, I must have it at any price." Whereupon the deeply affronted queen was compelled to deliver up the letter by M. Sequaler, the chancellor.

23 Lakhs Revenue Remission As Hailstorm Relief

90,000 Maunds Of Seeds Supplied To Agriculturists

SIMLA, June 2. Sir Sundarsingh Majithia, the Minister for Agriculture, Punjab, arrived here yesterday after a 600 miles tour of the areas devastated by the hailstorms and dust storms on March 22 April 4 and 18.

It is understood that he found that the greatest damage had been done in the Multan division, and there was comparatively less in Jullundur and Lahore divisions.

The Government have been prompt in giving relief. 90,000 maunds of seeds have been supplied to agriculturists affected, and remissions totalling 23 lakhs

have been granted, resulting, it is understood, in the budgetted surplus of the Punjab Government for the year 1937/38 being reduced to a small figure.

Sir Sundarsingh has also satisfied himself that the officers of the Government have done everything to carry out faithfully the Government instructions regarding relief to the agriculturists. At a meeting in Multan an agriculturist complained of the inadequacy of the remissions, to which Sir Sundarsingh replied that the relief averaged about Rs. 7 annas 8 p per acre in that division.—A.P.

KANNADA IN BOMBAY COLLEGE

The Secretary of the Karnataka Sangha writes:

Under the bifurcation scheme that will come into force from June 1937, anyone of the modern Indian languages may be taken as optional to Rapid Reader and Composition in English of First Year Arts Branch. There will be a few modern texts to be studied with a view to cultivating the art of Composition in the vernacular. This is definitely easier and more helpful to the student in these days of the increasing importance and value of the mother-tongue.

Mr. D. R. Bendre, M.A., has been appointed as Lecturer in Kannada in the new college started by the Shikshana Prasarak Mandal at Dadar which will commence work from June 1937. Mr. Bendre is a reputed poet and scholar of Kannada. He has presided over several Poets' Conferences. He is the author of many poetical, prose and drama works and is one of the makers of modern Kanna-

ta, particularly in the literary field.

A splendid opportunity is thus offered to the Karnataka students of the City of Bombay and it is to be hoped that they will join the Shikshana Prasarak Mandal's College at Dadar and take up Kannada language for study. Detailed information can be had from the Secretary, the Karnataka Sangha, 8, Dwarakadas Mansions, Benam Hall Lane, Girgaum.

KRISHNAKANT MALAVIYA FOR FRONTIER

ALLAHABAD, June 2. Pandit Krishna Kant Malaviya left Allahabad for Karachi last evening. He will proceed to Peshawar, Bannu and Dera Ismail Khan districts from there. He proposes to meet the Hindu and Muslim leaders as well as officials at all these places, with a view to do all that can be done in connection with the Frontier incidents.—United Press.

OUR READERS' VIEWS

Syed Munawar's Resignation

To The Editor of "The Chronicle" Sir,—With reference to the announcement under "City and Suburbs" at page 5 of your Tuesday's issue, appearing under the caption "Syed Munawar's Resignation", I hope you will kindly extend to me the courtesy of publishing the following statement:—

Disgusted with the unsatisfactory working of the National Seamen's Union, I resigned from its General Secretaryship on the 15th May, 1937. Before me some other office-bearers of the Union, who also felt that they had a stake in the public life of the City and who really have the interests of seamen at heart, resigned one after the other, viz., Mr. S. V. Faruquekar, M.L.A., Mr. N. M. Joshi, M.L.A., and Principal A. Soares, M.A., LL.B. These gentlemen as well as myself have become office-bearers of the other registered union of seamen, known as "The Seamen's Union, Bombay", which is at present far more representative of seamen than the National Seamen's Union.

By severing my connection with the National Seamen's Union I do not cease to represent Indian Seamen, as I am actively connected as Secretary of the Seamen's Union, Bombay, the status of which can be judged from the personnel of its office-bearers. So there is no meaning in suggesting that I should resign from "all other places where I have been representing" Seamen.—Yours, etc.,

SYED MUNAWAR.

The Flying Rance

The Acting General Traffic Manager, B.B. and C.I. Railway, writes:—

I was much interested to read Mr. Bhurucha's letter in your issue of May 24, and am really most grateful to him for the suggestions he has made for the improvement of this new service, some of which it has been possible to bring into force. We are only too glad to receive such suggestions from the public, as we are naturally anxious to do everything we can for the convenience of passengers.

There is a slight misunderstanding about the availability of the return tickets now issued daily. These are actually available for four days from midnight of the date of issue. This gives "three clear days" availability, but I am now arranging to increase the availability of tickets from Bombay to five days from midnight, which will give four clear days as

suggested. This will not apply to the cheaper tickets issued on Saturdays.

I am afraid it would not be practicable to allow break of journey on these return tickets, as it would introduce too many complications.

The question of arranging connections at Surat with the Flying Rance is being carefully examined.

Octroi Or Terminal Tax

To The Editor of "The Chronicle."

Sir,—For many years past, the question of replacement of octroi by terminal tax has been engaging the attention of the Allahabad Municipal Board. Opinion on the subject has been oscillating from one to the other during the last fifteen years with the result that no definite decision has been taken. The octroi is condemned as an antiquated and cumbersome mode of raising municipal revenues. It is said that it tends to obstruct the growth of industries and to hamper development of trade within the municipal limits. On the other hand it is urged that terminal tax is simple to work, simple to raise and more convenient to the business community. But one of the essential features of a terminal tax is that it permits of no refund in any circumstances while in the octroi system refunds are allowed in case of commodities imported and re-exported out of the town. Then again the general impression is that a terminal tax should be low if not even nominal. The Allahabad Municipal Board cannot however face with equanimity any substantial loss of revenue which is bound to be caused by any appreciable reduction in the rates at which octroi is at present levied.

This question was under the consideration of the Board with a view to final decision being taken when it was suggested that it may be useful to explore the possibility of the abolition of octroi altogether and of raising an equivalent amount of municipal revenue now yielded by octroi by any other system of taxation. Under the head octroi gross municipal revenue (less refunds) amounts to about Rs. 4,72,000. The cost of collection of this revenue is about Rs. 42,000 and the net income is Rs. 4,30,000. In other words, for every hundred rupees of octroi income, nearly 10 per cent. is spent on its collection and only 90 per cent. is available for purposes of expenditure. It must also be remembered that it is generally complained—and the complaint is to some extent well-founded—that there is considerable room for irregularities, if not worse, in the collection of octroi and the importers very likely pay substantial sums of money in

some shape or other which never reach the municipal treasury. It is now suggested that it would be a great boon indeed if the citizens of Allahabad and the business community were saved from all the botheration incidental to the levy of octroi and its abolition is bound to give relief not only to the inhabitants within the municipal limits but will have a healthy effect on the development of trade and the growth of Allahabad as a trading centre. It is suggested that the loss of income caused by such abolition may be met by enhancement of house tax. An enhancement of house tax will not cause any appreciable increase in the cost of its collection, which will very likely remain the same and thus the rate-payers will immediately have the benefit of a sum of Rs. 40,000 now devoted to collection of octroi. It is further urged that house tax is a more simple system of taxation being a direct tax. It is capable of greater control; it is assessed by a responsible officer of the Board and an appeal lies to the Board and the District Magistrate in all cases from the assessment so made. It can be adjusted in various ways to give relief to the poorer sections of the community. Furthermore it is said, that the enhancement will be compensated by the reduction in prices due to the abolition of octroi. What the rate-payers will therefore have to pay in the shape of enhanced house tax, will be made good to them by a reduction in the prices of commodities and household necessities. In England that seems to be the method of raising municipal revenues. Apart from contributions from the Central Government under various heads, the entire municipal revenue is raised by rates. In other words, by house tax and every year this house tax is either enhanced or reduced according as the exigencies of municipal expenditure require. It seems to me that such a direct tax will give every rate-payer an incentive to take a vigilant interest in the day-to-day municipal administration and to see that it is not guilty of extravagance. The system suggested is a radical departure from that now-a-days in vogue in these provinces. I personally think that the possibilities of the new suggestion should be explored. The Board has had this matter under consideration and it is felt that it is desirable that public opinion should be invited and canvassed on this important matter. I am therefore writing to you in the hope that I shall be favoured with an expression of opinion from persons interested in problems of municipal administration.—Yours, etc.,

K. N. KATJU,
Chairman, Municipal Board,
Allahabad.

MAHASABHA LEADER JUSTIFIES "FORWARD POLICY" IN FRONTIER

Welcomes Malik's Deputation To Fakir Demanding Stoppage Of Kidnappings

ALLAHABAD, June 2. Pandit Krishna Kant Malaviya has issued the following statement through the "United Press":—

"I welcome the last statement of my friend Mr. Kripalani, where he practically agrees with my views so far as the Frontier Province is concerned. I welcome his latest statement more heartily. The silence of the leaders of the country regarding the raids and kidnappings acts as an encouragement to the tribal people to go on with their nefarious trade.

WHEN OPINIONS DIFFER.

"My friend Mr. Banjuram Gandhi, the Congress M.L.A., from Dera Ismail Khan, has rendered women service to the cause of justice by drawing the attention of his countrymen to the most condemnable state of affairs in Dera Ismail Khan and Bannu. I am sorry to note that Mufti Kifayat-Ullah and others, while addressing a meeting in Jamma Masjid at Delhi, could not muster courage to condemn the doings of their co-religionists. Some people think that the kidnappings have begun now and that they are the results of the miniature war that is going on. But this is not the fact. The kidnappings have been going on for the past many years. Hindus and Sikhs are kidnapped. Money is demanded; and if the amount is not paid, the kidnapped persons are most brutally treated.

"It is not an economic question as some pseudo-socialists want us to believe. The tenantry and the residents in U. P. and Behar are not better off. They are as poor as the tribal people; but if the poor people of U. P. and Behar were to take the raiding and kid-

napping, they will be called dacoits, robbers and murderers. Why then this display of soft corner for the tribal people?

GOVT'S RESPONSIBILITY

"I condemn the Government much more for the state of affairs in the Frontier Province. I have said it many times that they should administer the North-West Frontier Province properly. But this does not mean that I am prepared to condone or tolerate the doings of the tribal people. I have always been anxious and more inclined to treat them as good neighbours; but if they want to be treated as outlaws, we can't help it.

"It is comforting news from Idar Khel and Lasu Khel, that the leading Malik of these places have sent deputations to the Fakir of Ipi, that the raids and kidnappings must cease; otherwise they themselves would adopt retaliatory measures against the Fakir's followers. God bless these Malik! This should be the spirit in which every Indian must stand by Indian nationals.

"CORRECT POLICY" "The question of forward policy is a debatable one. There can be honest differences about it. There is no unanimity of opinion even amongst the Englishmen. Even the Viceroy of India has differed on this point. There is difference of opinion even amongst those of the Government of India, that one policy has not been followed consistently all these years. My friends are free to differ from me; but I as an Indian, am fully convinced from the little knowledge that I possess and the little that I have seen of the Frontier that what is misnamed as "Forward

Policy" is the only correct policy for India. The N. W. F. Province should form part of the country just as Bombay, Sind, Bengal or Madras form a part of our Indian federation. The Indus or any other line except the Durand line cannot by any stretch of imagination serve the purpose of a frontier."—United Press.

INTER-COMMUNAL AMITY

(Continued from Page 6.) clubs to introduce their friends in the sister communities, as honorary or associate members into the former's clubs. The atmosphere of a club is undoubtedly congenial for establishing social contacts conducting to mutual understanding and appreciation. I believe that every single community has its own particular good points. A club would be an excellent place for making a joint contribution of those good points. For the general goodwill.

I may be told that there are already in existence in Bombay, a number of clubs of a cosmopolitan character. My reply is that they are too few; and many of them besides are too expensive. Moreover, they do not touch the middle classes, who form, after all, the bulk of the population in the city.

After all, it is not completely satisfying for any one community to build around itself a wall and sit within the enclosure. One would prefer fresh air and fresh movement, fresh faces and fresh ideas. In their absence, life would become dull and uninteresting. The carrying out of the suggestions here made, would add variety to club life and save it from stagnation and narrowness.—Yours etc.,

"Since taking Kalzana my headaches vanished"

My NERVES are much STEADIER than they were before"

writes Mr. N. L., Cape Town, S.A.

Kalzana is a remarkable food containing no drugs whatsoever.

In hot countries one's diet and the extent to which one perspires tend to decrease the mineral contents of the body. Many complaints such as irritability, high blood pressure, dizziness, acidity, which are so often ascribed to "the climate" are due largely to this loss of minerals.

When you do not feel as well as you should, start taking Kalzana tablets. They will soon put you right.

Kalzana

THE MINERAL FOOD FOR BETTER HEALTH.

Obtainable at all Chemists and Bazaars.

Not touched by hand.

IF YOU ARE THIN, WEAK, RUNDOWN AND AILING, MAKE THIS SIMPLE TEST!

New Discoveries in Nutrition Show How MINERALS AND FOOD IODINE Build Worn-Out, Pale, Sickly People Into Strong, Red-Blooded Men and Women

Pacific Ocean FOOD IODINE and MINERALS in "VIKELP" Tablets MUST Give You Tireless Energy, Strong Nerves, Pounds of "Stay-There" Flesh, and Radiant Health Without the Use of Drugs

"VIKELP" Tablets, amazing Mineral Concentrate from the Pacific Ocean, get right down and correct the real underlying cause of weakness, thinness, nervous and run-down conditions that the latest in discoveries in nutrition have shown to be GLANDS STARVING FOR MINERAL IODINE and FOOD IODINE. When these glands don't work properly, all the food in the world can't help you. It just isn't turned into healthy flesh. The result is, you stay "TOO THIN".

The most important glands—the Thyroid and other tiny hidden glands, which actually control body-weight and strength—need a regular, evenly balanced ration of the 12 essential minerals plus FOOD IODINE all the time (not to be confused with chemical iodine which often proves toxic, or mere iodine fumes).

Only when the system gets an adequate supply of FOOD IODINE AND MINERALS can you regulate metabolism—the body's process of converting digested food into FIRM FLESH, new health, strength and energy.

To get these 12 essential life-giving Minerals in assimilable form (Iron, Calcium, Phosphorus, Magnesium, Potassium, Sulphur, Manganese, Copper, Sodium, etc.) and FOOD IODINE, so easily lacking in the cooked foods we eat yet so vital to the body—take "VIKELP" Tablets, made of an amazing Pacific Ocean sea plant—now recognized as the world's richest source of these precious substances. Contain 69 times more Iron, 213 times more Calcium, 171 times more Potassium than White Rice. 6 tablets alone contain more iodine than 250 pounds of spinach or 1,399 pounds of lettuce. Absolutely free from drugs.

MAKE THIS TEST! First weigh yourself and see how long you can work or how far you can walk without tiring. Then take three "VIKELP" Tablets with each meal for 10 days and again weigh yourself and notice how much longer you can work without tiring and how much farther you can walk. Notice how much better you feel, sleep and eat. Faculty metabolism, malnutrition, constipation, general, goitre, rheumatism and other systemic illnesses are corrected or disappear quickly. Resistance is built up against malaria. Watch flattering extra pounds appear in place of scrawny hollows. Whatever you have tried before, try "VIKELP" today. Your own doctor will approve this way. It costs more. But a few annas a day to use. Obtainable everywhere.

N. Y. COTTON MARKET

After early steadiness on some scattered support prices steadily lost ground on selling and liquidation by local and foreign interests prompted by the uncertainty regarding the gold policy and continued favourable crop reports. Trading in October commenced at 12.70 i.e. unchanged from previous closing. Prices kept steady some trade and foreign buying but after the market eased under foreign selling and liquidation which brought prices gradually lower with easing to 12.65. At this level some good res. was developed on better outside demand with the tendency better. New York cotton finally closed at 12.65 with a decline of 5 points for October delivery.

OIL SHARES WEAK ON STOCK EXCHANGE

Wall Street Easy

(SPECIAL CABLE)

LONDON, June 3 On the Stock Exchange increasing nervousness regarding the gold situation effectively checked yesterday's improvement, but although prices were marked down throughout, losses generally were not large except among oils where the Royal Dutch and Shell Transport Dividends disappointed the markets.

A record amount of gold valued at over two and a half million sterling was dealt in at fixing to-day. The authorities buying almost the whole amount. Since fixing it is estimated that a further half million changed hands.

PASSENGERS TO PARIS

No Inoculation Certificate Necessary

The Director of Information, Bombay, writes:— There appears to be an impression among the public that passengers from Bombay arriving in Paris are required to carry inoculation certificates. This is not so. Such certificates are required to be taken by persons arriving in Iraq by sea or air from the Bombay Presidency. Those from Bombay City or in transit from Bombay Province or by air in transit through Iraq are exempted. The wrong impression appears to have been created by the fact that the notice with regard to Iraq was issued by the International Public Health Authority which has its office in Paris.

ADVANCE OF ARABIAN SEA MONSOON

Widespread Rain In Burma And South Of Peninsula

POONA, June 3.

The daily weather report is as under:— The conditions are apparently becoming favourable for advance of the Arabian Sea branch of the Monsoon on the Malabar Coast. The Bay branch is active in South of latitude seventeen degree north. There has been widespread rain in Burma, Assam and local rain in Bengal. GOLD AND SILVER

Bombay, June 3.
Yesterday London gold prices declined one penny to £2-0-8. London/Paris Exchange rate was one point down at 110.59 and Dollar-Sterling cross rate was quoted 4.92 11/16. London silver prices improved 1/16d. to 20 5/16. Indian and speculators bought and sold. Business was small and later on the market was idle. New York silver prices advanced 1/8 cent to 45 cents. Jeth and Montreal futures gained 5 points. Shanghai T. T. on London was quoted 12 1/2. The local market was fairly steady with a moderate turnover. In silver there was scattered selling but gold improved on better enquiry. It is said that some solution regarding gold will be announced.

'Free Land To Landless' Stunt Exposed

Deceptive Device To Increase Revenue!

KHER'S CHALLENGING RETORT

Paper Programme Of Puppet Ministry Torn Up

MR. B. G. KHER'S ADDRESS

AHMEDABAD, June 3.

Presiding over the first Taluk Conference of Desroi (Ahmedabad) Mr. B. G. Kher, Leader of the Congress Party in the Bombay Assembly said:—

"I realise that to-day the problem of India is the problem of the peasants of the numerous villages in which they live and of the reorganisation of rural life.

Land Of Villages

Ours is a land of villages, nine-tenths of our people live in villages and nearly eighty per cent of them live on agriculture and no worker in the cause of Swaraj can, therefore, afford to miss an opportunity to come into contact with peasants to take part in their deliberations regarding their numerous grievances and to find out the ways and means of improving their condition.

The National Problem

It is the village economy that constitutes our national problem. In truth, the amelioration of the present desperate conditions of our villages is the main motive of our fight for Swaraj.

It is for this reason that your greatest friend, Mahatma Gandhi, has settled down in a small village like Shegaon, the Congress has given up its meetings in big cities, the All-India Village Industries Association is turning its energies to studying your problems and finding out a solution. The success of all measures, designed for the advancement of agriculture depend upon the improvement of village life in all directions, which is the "first and essential step towards promoting the prosperity of the whole country and of enhancing the national income."

OUR GROWING POVERTY.
Finding that Congress has begun to tackle this real and vital Indian problem, Government began their so-called rural uplift programme consisting mainly of distributing pedigree bulls and holding cattle conferences. How lifeless, hollow and artificial the whole affair is? Our main problem is our growing poverty. In a free country, we know from the example of Russia and Italy, what the State can do to improve agriculture in the course of a very few years. We have realised that we cannot get rid of our poverty and ignorance without political power and it is for this reason that the energies of the whole nation are now being concentrated on the task of winning political freedom."

PLAUSIBLE BUT DECEPTIVE.
Referring to the present political situation Mr. Kher said: "Having achieved such brilliant victories during the recent elections to the Legislatures, you cannot be ignorant of the further political developments. Under the advice of Mahatma Gandhi and after mature deliberation we resolved at Delhi that we should accept office and from Ministries under the new Act only if the Governor gave us an assurance that he would not use his special powers of interference or set aside the advice of his ministers in their constitutional activities. Our demand was perfectly legitimate and was necessitated by the extremely reactionary nature of the Constitution. In spite of all the tall talk about democracy and provincial autonomy, it transpires no real political power to the people. Safeguards and special powers of the Governors constitute its principal features and Gandhi's demand, therefore, which has subsequently been explained by the Allahabad resolution of the Working Committee was extremely modest and reasonable. But even this modest demand was turned down by the unresponsive and suspicious bureaucracy with the result that the majority party in the Legislature declined to accept office and instead of following the straightforward course of dissolv-

ing Legislatures of proclaiming a breakdown of the Constitutional machinery, this great farce of forming Interim Ministries of persons, who do not possess the confidence of the country and who have been condemned as unrepresentative and unpatriotic and having betrayed the cause of the Country from thousands of public platforms all over the country, was enacted by the Governors in the six Provinces, where Congress had secured a majority. These interim ministers are now being extolled before the public eye as public benefactors and wise Statesmen and are continued in office by their Masters in the hope that they may succeed in winning over the support of the people by dangling before their eyes paper programmes, which are plausible in appearance but are in reality entirely deceptive."

"FREE LAND" STUNT EXPOSED.
Criticising the Ministerial programme as evolved in regard to resettlement of land Mr. Kher said: "They observe that it is certain that much of the slightly larger area as classified as 'cultivable waste other than fallow' amounting to 152 million acres or nearly 23 per cent of the total area in British India could 'in no conceivable circumstances' be brought under tillage." Common-sense ought to tell anybody why the millions of acres which the Finance Member wishes to give either free or at reduced rates remain uncultivated in spite of the tremendous pressure, on the soil and the sub-division of holdings into small fragments of even ten and twenty gunthas each which we find in this country! Obviously, this land is not cultivated because it is not possible to cultivate it without spending an enormous amount of money on it. It is not fit for tillage in its present condition. Is the Finance Member going to grant also the millions of rupees which would be required to bring this land under cultivation? If not, what is the good of offering this land to the two lazes of poor families? On the contrary, as the Finance Member would evidently expect these poor families to pay revenue on these lands, it sounds more like a subtle device for increasing land revenue than for affording any relief to the poor starving peasants—so much for this brilliant idea of free land for the landless."

REDUCTION INDEED!
Let us now consider the much vaunted reduction in land revenue; how much it amounts to and whether it is going to assist the millions of poor small farmers, who can barely eke out a living out of their holdings. The Finance Member has promised to give the Agriculturists remissions (Continued on Page 4, Col. 3.)

ERADICATE CORRUPTION Sind Secretariat Conference

KARACHI, June 3.
The Conference commenced at 11 this morning at the Chamber of the Chief Minister, Sir Ghulam Hussain, in the Secretariat, convened by the Government to concert measures to eradicate corruption in public services. Premier presided and among those who attending were the Chief Secretary the Revenue Commissioner and the Inspector General of Police.—A. P.

FACTIONAL FIGHT IN KARACHI BAZAR

KARACHI, June 3.
Seven were injured and removed to hospital as a result of a fracas between Sindhi Muslims and Pathans last night. The former were taking their camels through Kharadar Main Bazar to which the Pathans objected and an altercation led to the clash in which lathis were used. A posse of police rushed to the spot and restored quiet after taking 9 persons into custody.—A. P.

MASKED MEN ATTACK BANIA

Snatch Account Books
And Escape

(From Our Correspondent.)
BARODA, June 1.
It is reported from Dehgam, a taluka town of Mehsana District, that one Bania, Ambalal Karamchand and his brother had been to village Amreli to settle accounts with a Thakarda. The debtor gave one ox to the Bania and the remaining account was attested in the Khata Book. The two Banias were returning to Dehgam and were taking rest near a tree, one of them went out to answer the call of nature. Suddenly two persons, with covered faces, came out and after belabouring the other Bania snatched the account books. They escaped with the books. Police are investigating.

CORRUPTION IN PUBLIC SERVICES

U. P. Congress M. L. A.
Gives Notice Of 50
Questions

JHANSI, June 3.
It is understood that Mr. Bhagwanrao Bhargava, Congress member of the U. P. Assembly, has given notice of nearly 50 questions.

One of these relates to corruption in the Public Services, in which he draws the attention of the Government to the rules prohibiting teachers from taking part in political activities against the Government.

Another enquires whether the Government ever circularised the District Authorities asking their opinion whether the recent Congress success at the polls was mere chance, or due to real organisation, and whether they would advise dissolution and order fresh elections to ensure a Congress defeat.—A.P.

Peasants' Declaration Of Faith

PLEDGE FULL SUPPORT TO CONGRESS

Real Struggle Is Not For Mere Palliatives But For Power

DANI LIMDA (Ahmedabad), June 3.

The Daskroi Peasants' Conference, which met here to-day under the presidency of Mr. B. G. Kher, Leader of the Congress Party in the Bombay Assembly, adopted a number of resolutions.

Puppet Ministry Condemned

The first resolution, while disapproving strongly the Governor's refusal to give assurance to the leader of the Congress Party, condemned the Interim Ministry and pledged its support to the Indian National Congress.

Declaration Of Faith

The second important resolution was in the form of a declaration by the peasants, which reiterated the faith of the Indian peasantry in the mission and programme of the Indian National Congress and affirmed its confidence in Congress and its political and national programmes.

Pledge To Congress

The declaration further assured the Congress of continuous and complete support, both inside and outside the Legislatures.

Other resolutions related to assessment, 'annavari', irrigation cess, pastures, rural, medical and health service, etc., bearing on village life.

TEXT OF PEASANT DECLARATION

The following is the full text of the declaration made by the peasants:—

"The representatives of the peasants and cultivators of all the villages of Daskroi Taluka, (including North and South Daskroi) assembled to-day, the 3rd of June 1937, in conference at Dani Limda, Ahmedabad, hereby make this political declaration that they, as peasants and cultivators, who form the real basis and backbone of the Indian economic life and on whom the burden of taxation falls in the heaviest and most disproportionate manner, fully realise that the Indian National Congress is the only organization that has declared political and economic emancipation of the masses as the main purpose of Political Independence and that has constantly advocated the cause of the masses and striven for them and guided them in their struggle for their rights and redemption from their century-old ills.

REAL STRUGGLE.

These representatives of the people of Daskroi villages with a population of nearly 1,50,000 and a Legislative Assembly voting strength of 13,189 hereby further declare as under:—

(1) That the peasants fully realise that the real struggle is not the agitation for reliefs or redress of grievances; that it is not a question of programme of soft welfare measures, but that the real struggle is the struggle for supreme power;

(2) That the national struggle is really a struggle for the acquisition of complete political power,

unaffected and unfettered by any domination in any manner whatsoever for the people of India, of whom the peasantry are the majority of the population and the predominating majority of the Indian electorate;

REPLY TO MINISTRY.

(3) That the agriculturists know that the aim of the country's struggle is complete transference of all authority and power to the people of India to meet in a Constituent Assembly to determine their own system of policy and frame their own constitution, (4) That they knowing all this, will not be diverted by any trumpery and trinkets such as programmes of relief or reconstruction, which they know to be a screen to disguise and continue the present subjection.

SOVEREIGNTY OF PEOPLE.

(5) That the peasants declare and make this incontrovertible and perfectly constitutional demand in the interests of the people of India rights of sovereignty which must reside in the people in every free country;

(6) That they fully comprehend and acknowledge that the purpose and mission and programme of the Indian National Congress is identical with the needs and aspirations of the peasants of India;

(7) That they affirm that they have abiding confidence in the Congress and its political and national programme;

(8) That they announce their continuous and complete support to the Congress in its policy in respect of the legislatures and its activities outside the legislatures."

For Deccan States' People's Conference

KUDCHI, June 3.
Mr. B. S. Shikhare, General Secretary of the Deccan States' People's Conference wires from Kudchi:

Nearly 100 workers from all Deccan States are busy in making primary preparations of Deccan States' People's Conference.

The Railway authorities have arranged to attach two special bogies from Miraj Station on the 5th morning at 5/44 train by which President Nariman and Bhonslekar are arriving. Representatives are arriving by each train.—A.P.

DHOLKA VILLAGES CONDEMN INTERIM MINISTRY

(From A Correspondent.)

AHMEDABAD, June 3.

Sgt. Ishvarlal Vyas, M.L.A. and Sgt. Dayabhai Patel, toured Dholka villages to study the agrarian problems from the present Congress view-point. Regarding the Ministry, the villages wholeheartedly supported the Congress attitude, condemned the puppet Ministry and protested against the delay in summoning the legislatures
